## **The Weather**

I hope that you all had a wonderful Memorial Day weekend! I know that the weather ended up cooperating a lot more than most had planned or thought. But the weather certainly was interesting yesterday! I think we had almost 3 inches of rain fall in just a few minutes during that significant storm in the morning! I am hope no was impacted by that weather or stranded anywhere! This week does not look to be as warm as the weekend was, but temperatures should feel comfortable and nice overall!

## **News and Announcements**

As you may have read last week, the dates for the student material pick up have been confirmed. Here are the details:

Families should plan to return all checked-out materials (textbooks, library books, technology with chargers) to their student's school. To abide by the Eau Claire City-County Health Department orders we have created an enclosed schedule based upon student last name. Please do your best to honor this schedule, but if you are unable to attend during your suggested time, please come to either of the published times.

If you are returning a laptop, iPad or Internet hotspot, please remember to have it charged and bring any accessories like the charger or iPad keyboard. These items will need to be turned on and be inspected as part of the check-in process.

When you arrive at your student's building you will be greeted and directed by staff wearing personal protective equipment (PPE) and abiding by social distancing guidelines.
