

Make a Better Choice Contract r.2006

What failure looks like in Physical Education Class.

Not participating
Not changing
Not doing make-up work
Being Tardy
Poor sportsmanship
Disregard for safety
Not attending

Not participating and not changing are the most significant factors in failing physical education class. Sitting out of activity is NOT acceptable unless you have a medical excuse from a doctor. In this case you'll be sent to the learning center to do written work. Since this department seeks success for every student, a 5-step approach to changing these unproductive behaviors has been established. Consequences accumulate over the semester, not per unit or quarter.

First offense: Teacher & student discussion. Participate with loss of points.
Points may be earned back with no further offenses.

Second offense: Parental involvement - phone call, post card or registered letter
Participate with loss of points.

Third offense: Lunch detention* on following day. Administrator conference.
Participate with loss of points. Sitting out begins at this level.

Fourth offense: After school detention* 3:00 to 4:00 on Tuesday or Thursday.
Administrator conference. Participate with loss of points.

Fifth offense: After school detention 3:00 to 5:00 on Tuesday or Thursday.
Administrator conference. Participate with loss of points.

Sixth offense: Removal from class to repeat when ready.

*Penalty for not serving detention is an administrator assigned consequence.

I acknowledge that I have been informed of this 5 Step approach to reinforce making better choices and realize that I will be held accountable for not participating, being tardy or not dressing for physical education class.
