SUPERINTENDENT'S MESSAGE

Dear Eau Claire Area School District (ECASD) Families,

Welcome to the 2023-2024 school year!

I hope you have been having a wonderful summer and participating in some active outdoor activities with family and friends. Our Summer Programs have been enjoyed by thousands of our students, allowing them to explore academic areas of interest, participate in engaging activities with our staff and community partners, and enjoy hands-on and physical fitness opportunities.

We have been continuing our important equity work this summer as we strive to ensure opportunities for learning and experiences for every student and especially for students who have been historically marginalized. As we approach the new school year, our students' academic success and their social and emotional growth are key priorities, as we have learned from our families, staff, and students themselves.

Please take a few minutes to look through this handbook, as it offers information that will be helpful to you during the school year. Please note important dates at the beginning of the handbook including Family-Teacher Conferences which provide a critical opportunity for school staff and families to collaborate and support student success.

If you have questions from the handbook, please contact your school principal. We always welcome suggestions about how to keep our families informed, so please feel free to share your ideas with your principal.

On behalf of the ECASD staff and our School Board, I wish you a successful and positive school year!

Sincerely,

Michael Johnson
Superintendent

SCHOOL BOARD

A seven-member School Board, elected at large for three-year terms, governs the District. The Board sets policy, approves the budget, and evaluates the Superintendent.

School Board Members

Dr. Tim Nordin, President, tnordin@ecasd.us

Dr. Lori Bica, Vice President, lbica@ecasd.us

Dr. Marquell Johnson, Clerk/Governance Officer, mjohnson9@ecasd.us

Dr. Stephanie Farrar, Treasurer, sfarrar@ecasd.us

Joshua Clements, Board Member, jclements@ecasd.us

Jarrett Dement, Board Member, jdement@ecasd.us

Erica Zerr, Board Member, ezerr@ecasd.us

School Board Meetings

The School Board meets on the first and third Monday of each month (unless otherwise noted) at the Administration Building, 500 Main Street, at 7:00 p.m. All citizens have the opportunity to speak during the Public Forum at each regular meeting.

School Board meetings are open to the public and streamed live via YouTube and recorded. If you wish to listen and watch a livestream of the meeting (and not speak during public comment), please go here: <https://www.youtube.com/@ecasdboardroom>. Recordings of each meeting are posted on the agenda page in BoardDocs.

Student Representatives to the School Board

Each year the School Board selects one student from each high school to serve as the Student Representative to the School Board. The Student Representatives do not have voting rights but play a valuable role in keeping the Board abreast of the voice of the students.

COMMUNICATIONS

BoardDocs

The ECASD has an electronic agenda system for its School Board meetings. The public can view the agenda and supporting documents associated with each meeting through the BoardDocs website (go.ecasd.us/boarddocs). This allows for viewing and/or printing information prior to meetings and not only saves time and resources but also provides the public greater access to information that School Board members use to make decisions. All documents associated with meetings are automatically archived and can be searched by meeting date or by using the search feature.

BoardDocs®
A DILIGENT BRAND

Another feature of BoardDocs is the ability to view each meeting. From the BoardDocs agenda, you can click on “Edit Video,” and then watch the entire video or view a particular segment. If you need assistance with BoardDocs, please contact the Superintendent’s Office at (715) 852-3002.

Emergency Weather Information

The Superintendent or designee of the ECASD, in consultation with Student Transit, makes decisions about when to close school due to inclement weather or to use a two-hour delay in school start times when inclement weather requires additional time to promote safer travel to school. These decisions are typically made by 6:30 a.m. As we all know, weather conditions can change rapidly. In the event that a two-hour delay must be reconsidered, the decision to close schools for the full day will be made no later than 8 a.m. The same process will be used if bad weather or a peak energy alert develops after school has started for the day. If schools are closed because of bad weather, athletic, after-school, and evening events may also be canceled.

Announcements of these decisions are made by local television and radio stations, on the District’s website, via the District’s social media, and by email to families who have provided email addresses. You can also sign up for Skylert Messaging and get the information in a way that works best for you. Log into your Skyward account and click on the Skylert option (see below for more detailed instructions on Skylert).

When a **TWO-HOUR DELAY** is announced, the following changes will be made to the school day:

- Buses will run two hours after their normal schedule.
- Buildings will begin classes two hours after the normal start time.
- Cold breakfast will be served at all schools, and school lunch will be at or around the normal time.
- Prairie Ridge Early Learning School and EC4T community sites will switch to virtual learning for the day. Eau Claire Virtual School will operate as normal.

In the event that a two-hour delay must be reconsidered, the decision to close schools for the full day will be made no later than 8 a.m. The same process will be used if bad weather or a peak energy alert develops after school has started for the day. Families may decide the weather is too severe to send their child to school (especially a younger child). The ECASD respects your decision on this matter. Please notify your child's school if you will not be sending your child to school.

Skylert – TEXTING – Stay Informed/Stay Connected

The ECASD uses the Skylert system to communicate with families about emergency situations and weather-related delays/cancellations. Skylert quickly sends mass notifications by phone call, email, and/or text message to the numbers designated. To sign up for Skylert, follow these steps:

1. Log into your Skyward account (see directions below under “Skyward – Family Access”) and click on the Skylert option listed on the left-hand side.
2. Click on the notification options you would like to receive. Add any additional phone numbers and email addresses.
3. **To receive text messages, add the phone numbers in the Text Message Numbers section. Please check with your wireless carrier for possible charges if you choose to receive these messages.**

Skyward – Family Access

Family Access is a real-time, secure, internet-based website that allows users to view student information. Different information is available for different levels.

Family Access will help you stay informed about your student's progress. Your school and the District will also use Family Access as a communication tool to create a stronger relationship between families and our school community.

To obtain your username and password, you can click on the SKYWARD link on our website (www.ecasd.us) and choose “Forgot your Login/Password.” If your account has an email associated with it, you will receive an email with your login information. If you do not have an email address associated with your account, you will need to contact your school. You can also contact the Enrollment Office for assistance at (715) 852-3063.

Skyward – Mobile Access for Families

A Skyward Mobile Access app is available from the iTunes Store, the Google Play Store, and the Amazon App Store. This app gives families the ability to view their student's grades, schedule, and/or report cards and submit absence requests. The data you can view might vary between schools.

Using Social Media to Reach Out to the Community

ECASD uses social media to extend its communication reach to students, families, employees, and the greater community through the use of Facebook and

Instagram. Users of social media get up-to-date ECASD information and announcements, including weather delays and school closings. You can add ECASD to your Facebook account's newsfeed by clicking "like" at www.facebook.com/ECASD. Instagram users can follow ECASD news and information via @ecasd1.

OVERVIEW

The District

The ECASD, with an enrollment of around 11,000 students, is the eighth largest school district in Wisconsin. It covers approximately 200 square miles, which includes most of the city of Eau Claire and portions of the townships of Brunswick, Clear Creek, Drammen, Hallie, Pleasant Valley, Rock Creek, Seymour, Union, Washington, and Wheaton. The District has an early learning school, twelve elementary schools, three middle schools, two high schools, and three charter schools.

Administration

The chief administrator of the ECASD is the Superintendent. Serving directly under the Superintendent are the Executive Director of Administration, Executive Director of Business Services, Executive Director of Human Resources, Executive Director of Student Services & Special Education, and Executive Director of Teaching and Learning. (Please see Directory on Page 77 for contact information.)

Organization

ECASD's comprehensive instructional program begins in the Early Learning Program for children ages 3-4. Students attend grades K-5 in one of the twelve elementary schools. Students progress through the three middle schools, grades 6-8, and the two high schools, grades 9-12. Children are assigned to schools that serve their place of residence. The District also has three charter schools: Chippewa Valley Montessori for students in grades K-5, Eau Claire Virtual for students in grades K-12, and McKinley for students in grades 6-12. The District's Administration Building is located at 500 Main Street, and the Service Center for Buildings & Grounds is located at 623 N. Hastings Way.

Faculty

The District credits its success with students to its highly qualified instructional staff. Our faculty consists of over 1,700 total staff with 951 certified staff members. Approximately 55% have a master's degree or higher and the average teaching experience is 13.09 years.

Eau Claire ranks third in the state of Wisconsin for the number of educators who have achieved National Board Certification through the National Board for Professional Teaching Standards. These educators have achieved the profession's gold standard for accomplished teaching, based on standards that define what teachers must know and be able to do to advance student learning.

Staff Qualifications

All teachers within the ECASD hold at least a bachelor's degree, and many possess advanced degrees. In addition, the majority of teachers are fully licensed by the Wisconsin Department of Public Instruction for their assignments. A very small number of teachers have been granted emergency licenses.

Federal law requires that school districts notify families annually of their right to request information on the professional qualifications of their child's teachers. There are a variety of questions families may ask about a teacher. For example:

1. Is my child's teacher licensed to teach the grades or subjects assigned?
2. Has the state waived any requirements for my child's teacher?
3. What was my child's teacher's major in college?
4. What degree(s) does my child's teacher hold?

The status of the qualifications of your child's teacher's licensure can be found on the Wisconsin Department of Public Instruction department licensing website: <https://dpi.wi.gov/tepd/lookup>. If you do not have computer access, visit your local library or contact the ECASD's Human Resources Department at humanresources@ecasd.us or (715) 852-3050 or your child's principal. Answers to questions #3 and #4 can also be obtained by contacting the ECASD's Human Resources Department.

In addition, paraprofessionals (such as special education assistants, general school assistants, bilingual education assistants, and health care assistants) are required to meet certain criteria under the Every Student Succeeds Act (ESSA) legislation. Questions about those requirements and how current ECASD paraprofessionals have met those requirements can be directed to the ECASD's Human Resources Department at humanresources@ecasd.us or (715) 852-3050.

For more information on teacher qualifications or the reporting requirement for teachers and paraprofessionals under the ESSA legislation, contact the DPI Licensing and Professional Development Team at licensing@dpi.wi.gov or call (800) 266-1027.

FINANCE

The ECASD operates on an annual budget adopted by the School Board. The District uses a zero-based, program-driven, budget approach.

2022-23 Resources

ADOPTED BUDGET	AMOUNT
Local Revenue (35%)	\$ 50,454,837
State Revenue (54%)	89,842,968
Federal Revenue (4%)	16,612,929
Other Revenue (3%)	6,005,406
Working Capital (1%)	552,662
Total	\$163,468,802

2022-23 District Operating Budget

OBJECT	ADOPTED BUDGET
Salaries (47%)	\$ 82,823,235
Benefits (27%)	39,549,428
Purchased Services (16%)	29,979,463
Supplies (7%)	6,878,813
Capital (1%)	1,488,865
Other (2%)	2,748,998
Total	\$163,468,802

Not all school districts in Wisconsin are funded equally. School districts are limited in what they can spend by a REVENUE CAP that was set based on what districts were spending in 1993; revenue caps were put in place to control increases in property taxes and state aid. In 2021-22 the state average for per pupil spending was \$11,701; Eau Claire's spending per pupil was \$11,002 for a difference of \$699. The ECASD is the eighth largest school district in Wisconsin and ranks 280 out of 421 school districts in spending.

Eau Claire Public Schools Foundation (ECPSF)

Eau Claire Public Schools Foundation (ECPSF) is an independent nonprofit organization, dedicated to seeking charitable donations on behalf of the ECASD to enhance the educational experience of our students. It awards grants to each ECASD school and supports educator creativity, innovative projects, and building endowment funds to enable future giving. To learn more about ECPSF's mission and support your child's education, please visit www.ecpsfound.org. ECPSF encourages everyone to celebrate great education, thank a teacher, and make a gift online.

ENROLLMENT & REGISTRATION

Enrollment Office

The Enrollment Office welcomes your family to the ECASD. We are happy to assist you, whether you are new to the area or transferring within the District. Enrollment applications are completed online by visiting www.ecasd.us/Enrollment. You can create a new account or log into your existing Family Access account to access the New Student Online Enrollment form. The Enrollment Office is located in the ECASD Administration Building at 500 Main Street. To complete the enrollment process, please provide the following documents via upload, in person, or by email (enrollment@ecasd.us):

- Immunization Records
- Recent proof of family's address/residency (Examples: lease, mortgage documentation, or utility bill)
- If necessary, legal documentation regarding custody, placement, or educational decision making
- History of services (Examples: IEP Plans, 504 Plans, ACCESS scoring, or Gifted and Talented services)

Age of Entrance Into Kindergarten

The School District operates a voluntary four-year-old kindergarten program for children who are four years old by the legally prescribed date of September 1 of the year in which they enroll. The School District operates an all-day five-year-old kindergarten program for all children who are five years old by the legally prescribed date of September 1 of the year in which they enroll. All students are required to attend five-year-old kindergarten prior to entering first grade.

Immunization Requirements

The Wisconsin Immunization Law requirements apply to any student admitted to a Wisconsin elementary, middle, or high school. All children entering school in Wisconsin need to submit a "Student Immunization Record" within 30 days of admission. This record includes immunizations the child has received since birth for DT (diphtheria and tetanus-pediatric), Td (tetanus and diphtheria-7 years and older), Tdap (tetanus, diphtheria, and acellular pertussis-adolescents), DtaP (diphtheria, tetanus, and acellular pertussis-pediatric), DTP (diphtheria, tetanus, and pertussis), Polio, Hepatitis B, MMR, and Varicella (chickenpox or a history of chickenpox). Requirements may be waived for two reasons: 1) certification of a physician that the particular immunization required may be detrimental to the health of a child or 2) objection to immunization on religious or personal conviction grounds.

Families are required to have their child(ren) vaccinated as state law requires or claim a waiver. The Eau Claire City-County Health Department offers

immunizations by appointment if eligibility criteria are met. Call (715) 839-4718 for more information or follow this link:

<https://www.eauclairewi.gov/government/our-divisions/health-department/clinics/immunization-clinics>

Please contact your child’s primary care provider or the Eau Claire City-County Health Department to schedule an appointment.

Student Immunization Law – Age/Grade Requirements 2023-2024 School Year						
Age/ Grade	Number of Doses					
PreK (2 yrs to 4 yrs)	4 DTP/DtaP/DT		3 Polio	3 Hep B	1 MMR	1 Var
Grades K – 6	4 DTP/DtaP/DT/Td		4 Polio	3 Hep B	2 MMR	2 Var
Grades 7 – 12	4 DTP/DtaP/DT/Td	1 Tdap	4 Polio	3 Hep B	2 MMR	2 Var

FAMILY INFORMATION

Accommodating a Student's Religious Beliefs

The District shall provide for the reasonable accommodation of a student's sincerely held religious beliefs with regards to assessments and other academic requirements. Requests for accommodations shall be made in writing and approved by the building principal. Accommodations may include, but not necessarily be limited to, exclusion from participation in an activity, alternative assignments, released time from school to participate in religious activities, and opportunities to make up work missed due to religious observances. Any accommodations granted under this policy shall be provided to students without prejudicial effect.

Virtual Learning

On rare occasions, the ECASD may need to implement virtual learning. This is intended to allow for a continuation of instruction during special circumstances that prevent the District from holding in-person classes. Circumstances requiring virtual learning may include:

- Inclement weather
- A state of emergency due to a natural disaster
- Significant outbreak of contagious illness
- Other emergency situations as deemed necessary by local, state, or federal government agencies or the Eau Claire Board of Education

If virtual learning is required, the District will strive to provide equitable access to the following items for all students:

- Mobile devices to be used for virtual learning
- Specialized devices and/or programs to support unique learning populations, including special education and English learners
- Internet access for students without reliable internet service at home
- Meals, provided either via pick-up or delivery to specified areas (if possible)
- Regular communication from teachers to provide virtual instruction
- Regular communication from the District with updates regarding the situation

Implementing virtual learning may occur with very little notice. The District will communicate as quickly as possible with all families regarding the situation, meal services, and other necessities. The District will also abide by practices that protect student safety and privacy while

in an online environment

(go.ecasd.us/OnlinePrivacyGuide) and expect students to follow basic online behavior expectations:

- Student Internet Etiquette (Netiquette): go.ecasd.us/Netiquette
- K-6 Student Internet Etiquette (Netiquette): go.ecasd.us/K6Netiquette
- (Español) Student Internet Etiquette (Netiquette): go.ecasd.us/EsNetiquette
- (Hmong) Student Internet Etiquette (Netiquette): go.ecasd.us/HmNetiquette

Staff may record their instruction in the District's online meeting platform on a regular basis. These recordings will remain the property of ECASD and will not be shared with outside entities.

Child Care

Before and after-school childcare is provided by the YMCA on-site at the following schools: Flynn, Locust Lane, Manz, Meadowview, Northwoods, Putnam Heights, Robbins, and Sam Davey. Students from Lakeshore, Longfellow, and Montessori are transported to the YMCA. For more information about this service and the cost, call (715) 836-8460 or visit their website at www.ymca-cv.org/eauclaireymca.

Grace School-Age Childcare provides before and after-school childcare at Lakeshore, Roosevelt, and Sherman. Please call (715) 832-3039 for more information and the cost.

Complaints

When a problem or issue develops between the school and the home, families are encouraged to problem solve directly with the adults closest to the situation. This could be a teacher, a coach, a nurse, or another adult that works with the student. If families cannot resolve the problem with those adults, the next step would be to contact the principal or the assistant principal. If, after talking with the principal, the situation is still not resolved, families could then contact the Executive Director of Administration or the Superintendent. See Pages 76-79 for contact information. As a last resort, after contacting the above staff members if the situation remains unresolved, a family could contact the School Board.

Custodial Parent

Any change in the custodial status of a child must be reported to the school principal. The School District has a policy regarding the rights of custodial parents and restrictions of non-custodial parents. No employee of the District shall knowingly disobey or disregard any provision of a court order relating to any child enrolled in a school subject to District control, upon receipt of a copy of such an order. For more information, please see District Policy 491 on our website.

Family-Teacher Conferences

The family-teacher conference is a time set aside twice a year to discuss student academic, social, and emotional progress. It is a vital component of the

home/school connection and student success. These family-teacher conference days are created for the specific purpose of sharing information between families and teachers. It is very important that families plan to attend on these specifically scheduled days. We understand that sometimes there are unforeseen circumstances that may prevent a family from attending at these set times; however, we ask that you do

not use these times for family vacations or other personal business which would cause you to miss your conference. Please note that if you choose not to attend during the specified days due to vacation activities, your formal conference will not be rescheduled.

STUDENT ATTENDANCE

Attendance

Having an excellent education will help give students the best opportunity for success in life. Poor attendance delays educational achievement and the potential young people have for making effective choices regarding their futures. Promoting and supporting good attendance at school is essential to good learning and later in life where daily, prompt attendance at work is necessary to be successful.

Wisconsin law requires that students attend school during the “full periods and hours” that school is in session. Early detection is very important for success in working with students who are absent from school. All students shall be required to attend school until they graduate from high school or until the end of the quarter or semester of the school year they reach age 18.

The principal of each elementary school and the principal or their designee of each secondary school shall serve as the school attendance officer. The duties of the school attendance officer shall include the following:

1. Establishing and enforcing procedures in reporting accurate daily attendance in each classroom. This will include adherence to the attendance requirements and procedures as well as the specific procedures unique to each building.
2. Determining which students are absent from school and reporting such absences to the student's family by the end of the second school day the student was absent and directing the family to return the student to school no later than the next day on which school is in session. Such notices may be made by personal contact, mail, or telephone call provided a written record is kept. Notice by personal contact or telephone call shall be attempted before notice by mail may be given.
3. Maintaining accurate records on attendance, absences, and truancy and reporting to the Administration Building as required.
4. Processing requests to be excused from school attendance from students or families and prior written approval for student absences from families. [Wisconsin Statute 118.15(3)]
5. Initiating legal proceedings against truant students or their families in accordance with the procedures as outlined in School District policy.

Absences

The school attendance officer is empowered to approve a legal excuse to any student for the following reasons:

1. Evidence that the student is not in proper physical or mental condition to attend school or an educational program. The District may request the family to obtain a written statement from a physician or licensed practitioner as proof of the physical or mental condition of the student. Such excuse shall be made in writing, shall state the period of time for which it is valid, and shall not exceed 30 days.
2. An illness in the immediate family that requires the absence of the student because of family responsibilities.
3. Medical, dental, chiropractic, optometrical, or other valid professional appointments. The family is requested to make appointments during non-school hours.
4. A death in the immediate family or funerals for close relatives.
5. Religious holidays.
6. Family trips that can be taken only during the normal school term. The intent of this statement is to provide the opportunity for a student to accompany their family on a vacation that cannot be scheduled when school is not in session. The family shall be required to notify the school attendance officer of the vacation prior to the pending absence for the purpose of reviewing the student's attendance record and overall performance record. Student vacations or trips without family accompaniment are not excused absences.
7. A court appearance or other legal procedure that requires the attendance of the student.
8. A public health officer imposes a quarantine.
9. Attendance at special events of educational value as approved by the school attendance officer.
10. Approved school activities during class time.
11. Special circumstances that show good cause which the school attendance officer approves in advance.
12. The family must provide a prior written request for absence from school not to exceed ten days during the school year. Course work missed during this absence must be completed.

All other student absences from school will be recorded as trancies. Truancy is defined as any absence of part or all of one or more days from school during which the school attendance officer, principal, or teacher has not been notified of the legal cause of such absence by the family of such absent student or intermittent

attendance carried on for the purpose of defeating the intent of the compulsory school attendance law. Truancies shall apply only to students who are under 18 years of age. Unexcused absences of students over 18 years of age shall be classified as attendance problems.

Families of absent students are expected to notify the school of any student absences. Failure to make such contact shall result in notification of the absence by the school.

The school attendance officer may temporarily excuse a student from school attendance for a period not to exceed 30 days after securing sufficient written proof of the physical or mental condition of the student from a licensed physician, dentist, chiropractor, optometrist, psychologist, physician assistant, nurse practitioner, certified advanced practice nurse prescriber, or Christian Science practitioner living and residing in Wisconsin.

The Board may excuse a student for “good cause” for a period not to exceed one year. Such requests must be made to the Board in writing with a full explanation of the reasons (cannot be based on disability) upon which the request is based, shall state the period of time the excuse is requested for, and shall

include the written approval of the family. Either the school or the student may initiate such requests.

Enforcement of Attendance

The school attendance officer shall have the authority to initiate any of the following actions to secure student or family compliance with the compulsory attendance law:

1. Provide family notification of absences or truancies/habitual truancy as required by law.
2. Request family conferences regarding truancies or attendance problems, i.e., AIMS meetings.
3. Assign detention for truancy.
4. Make referrals for evaluation.
5. Make referrals to the district attorney and/or courts provided each of the following actions have been complied with prior to initiating legal proceedings:
 - a. Met with the student’s family to discuss truancy or attempted to meet with them and been refused or received no response. This does not apply if the required meeting is not held within ten school days after the date of the habitual truancy notice.
 - b. Provided an opportunity for educational counseling to determine whether a change in curriculum would resolve the truancy problem and considered curriculum modifications possible within the current school program.

- c. Evaluated the student to determine whether learning problems could be the cause of truancy, and if so, taken steps to overcome the learning problems. The student need not be evaluated if tests administered within the previous year indicate the student is performing at grade level.
- d. Evaluated the student to determine whether social problems could be the cause of truancy and, if so, taken action or made appropriate referrals.

(Items b, c, & d above do not apply if the officer provides evidence that appropriate school personnel were unable to carry out the activity due to the student's absence from school.)

The School District is working closely with the Department of Human Services (DHS) and the Assistant District Attorney's office to support students/families with truancy concerns. The DHS Truancy Program is a strengths-based, voluntary Court diversion program that focuses on family engagement/support and identifying/addressing the root cause of the truancy. The Systems of Care program may be utilized to support students and families in need of additional school and community support, with the goal of improving school attendance and preventing Court involvement. Students can earn incentives, such as gift cards for regular attendance and passing grades. In addition, students will work with a mentor who can coach them in meeting their goals. Please talk to your school attendance officer with any questions regarding these programs or attendance concerns.

Leaving School Before End of the School Year

Absences from school during the last two weeks of the school year are strongly discouraged. Excused absences from school during the last two weeks of the school year will be granted only after approval by the school principal. Such requests must be supported by valid reasons and a written family request. Students who leave school prior to the end of the school year will NOT be allowed to take final examinations early and will be given incompletes until both the following requirements are satisfactorily met:

1. The student completes all regular course requirements.
2. The student takes all final examinations.

Modified School Attendance

The School Board is responsible for providing appropriate educational opportunities for all students under its jurisdiction. It has responded to this charge by developing a comprehensive curriculum that attempts to meet the needs of all students. There are some students, however, whose welfare and educational needs are not being met by the school. There are still other students who are unable to cope with the formal school environment due to personal characteristics. For these reasons, full time or continuous school attendance may not be appropriate, and modified attendance should be considered. Wisconsin state law provides that the program or curriculum of any student may be modified by the Board to meet their educational needs or that any student may be excused from school for physical or mental reasons or for other good cause for specified periods of time.

Options that may be considered include:

- An instructional modification within the existing school program.
- An attendance modification whereby a student would attend school more than one half-day but less than a full day with the requirement that the time outside of school be spent in an alternate educational program.
- Referral to an appropriate community agency, with the focus being a concentrated effort directed toward improving the student's behavioral, social, and emotional dynamics.
- A schedule modification whereby the student would be scheduled within the school program for the full seven-hour day but may not be following a program that will lead to graduation or be pursuing required courses.
- An attendance modification whereby a student would attend school half time or less but a minimum of one period per day.
- On-the-job training programs with cooperating employers.
- Other appropriate individualized education programs established in cooperation with the various local and state agencies.

Truancy

The Wisconsin Compulsory School Attendance Law states students are required to stay in school until they graduate or until the end of the school term, quarter or semester, during which they turn 18 years of age. A student is considered to be habitually truant if they are absent without an acceptable excuse all or part of five or more days in a semester.

What are School Policies & Procedures Regarding Truancy?

1. Any student with an unexcused absence may be assigned a detention during one of the following times: before school, lunchtime, or after school on Monday, Tuesday, Thursday, or Friday.
2. Failure to serve an assigned detention may result in additional consequences, such as a police citation.
3. Upon the third unexcused absence, an administrator or counselor will contact the student/family. A letter will also be mailed home via U.S. mail about the attendance concern.
4. When part or all of 5 days have been unexcused, a letter will be sent to schedule an Attendance Improvement Meeting (AIM). At this meeting, the DHS Truancy program will be offered to the student/family. If the family does not attend the meeting, the student may be issued a citation from the School Resource Officer.
5. Upon the seventh occurrence of truancy, a formal referral to the Juvenile Justice Court System may be initiated.

6. Other consequences of non-compliance, non-attendance or continued attendance issues may result in a court order for:
- Participation in truancy reduction (abatement program)
 - AODA and/or psychological assessment
 - Counseling
 - Home detention
 - Suspension of driver's license
 - Community service
 - Revocation of work permit
 - Fine up to \$500
 - Removal from home
 - Juvenile detention
 - Department of Human Services (DHS) supervision, i.e., Social Worker

STUDENT DISCIPLINE

Discipline Philosophy

The ECASD has high expectations for all students. Using the Positive Behavioral Interventions and Supports (PBIS) framework, schools will work with families and the community to promote a positive and safe learning environment. The collaborative efforts of all students and staff will ensure a positive learning culture for everyone.

Any student who, through actions, behavior, dress, appearance, or presence, disrupts the routines of the educational process of the school or who follows a course of conduct which may reasonably be anticipated to become disruptive of the educational process, will be subjected to the disciplinary process of the school.

Code of Classroom Conduct

The ECASD uses the Equitable Multi-Level System of Supports (E-MLSS) as a decision-making framework to guide staff in selection and implementation of best practices for improving academic and behavioral outcomes for students. Within the E-MLSS framework, all schools are expected to braid academics and behaviors to support student learning. As such, all schools shall utilize the Positive Behavior Interventions and Supports (PBIS) framework to create a supportive social and emotional learning environment to ensure access, opportunity, and success for all students.

PBIS requires that schools define and teach behavioral expectations for all students in order to maintain a safe and productive learning environment. These expectations should be created with students at the beginning of the school year and be taught, practiced, and reviewed on a consistent basis throughout the year. When students engage in behaviors that interfere with teaching and learning, they may be temporarily removed from the learning environment.

For more information, please see District Policy 443.7/5500 on our website.

Why a Student May Be Removed From Class

The Code of Classroom Conduct is designed to ensure that all staff can teach and all students can learn in a safe, equitable, and positive environment that is free of bias. The teacher shall follow the continuum of consequences as defined within the behavioral framework of the school. Once a teacher has exhausted their strategies outlined by the schools' PBIS behavior matrix to manage the student's behavior, the student may be removed from the learning environment following the Code of Classroom Conduct policy.

On the rare occasion when a student may be asked to leave their learning environment due to a Code of Classroom Conduct violation, the teacher/designee will provide an intervention for the student to alleviate future removal from the class. The intervention(s) must be documented in the District's Response to Intervention system.

GENERAL STUDENT INFORMATION

Accident Insurance

The ECASD does not provide any type of health or accident insurance for injuries incurred by your child at school. Your family is encouraged to review your present health and accident insurance program to determine if your coverage is adequate. If you do not feel your insurance is adequate or if you do not have insurance, you may wish to consider purchasing student accident insurance. If you are interested, visit www.1stagency.com for more information or to purchase coverage.

Athletics

The secondary school athletic program offers a variety of athletic experiences to students willing to make the necessary commitments to become contributing members of an athletic team. To be eligible, a student must meet all requirements set forth in the District Athletic Code. A copy of the Athletic Code is available on middle and high school websites.

Bullying

The ECASD shall promote a safe, secure, and respectful learning environment for all students in school buildings and on school grounds, on school buses, and at school-sponsored activities. The District shall address and educate students to the dangers of bullying so that there is no disruption to the learning environment and learning process. Bullying is deliberate or intentional behavior using words or actions, intended to cause fear, intimidation, or harm. Bullying has harmful social, physical, psychological, and academic impact on the bullies, the targets, and the bystanders. Through the use of the PBIS framework, the District shall proactively teach and support students to develop and reinforce respectful relationships with one another. Reports of bullying may be made verbally or in writing. Formal complaints will be documented using the District complaint report form, which can be found on the District's website under "Forms."

Carrying Concealed Weapons

The gun-free school zones law (Section 948.605 of the State Statutes) permits a person who is licensed to carry a concealed weapon to possess a handgun within 1,000 feet of the grounds of a school. However, the current law prohibition against carrying a firearm in or on the grounds of a school applies to a person who is licensed to carry a concealed weapon unless they meet one of the specific exceptions outlined in section 948.605(2) of the state statutes. Thus, in general, firearms are not allowed on school grounds, regardless of any rights afforded under Act 35 for carrying concealed weapons.

Child Abuse/Neglect

Any District employee who has reasonable cause to suspect that a child has been abused, neglected, trafficked, or has reason to believe that a child has been threatened with abuse or neglect, shall report that suspicion or belief to the

appropriate authorities as quickly as possible. It is important that families recognize the signs of sex trafficking/abuse and take steps to prevent and intervene. Below are some indicators that families should be mindful of and take action if you suspect the following with your child:

- Suddenly has a new hairstyle, nails, accessories, clothing etc.
- Is “couch surfing” and often not home
- Shows signs of fear, anxiety, depression, aggression, or emotional distress
- Shows signs of drug addiction or gang affiliation
- Makes references to sexual situations that are unusual for a child of that age or engages in high-risk sexual behaviors
- Has a “boyfriend” or “girlfriend” who is noticeably older
- Has an explicit sexual online profile
- Has knowledge of the commercial sex industry; uses words like Track, Stroll, Johns, Tricks, etc.

These are only a few of the signs that something may be occurring. This list is not inclusive nor are these indicators to be used as a given that your child may be in a sex trafficking situation. The best way to prevent and intervene in these situations is to know your child and talk to them consistently to learn more. If you suspect your child is in immediate danger, call 911. You may also contact the Eau Claire Department of Child Protective Services at (715) 839-7118.

Dress & Grooming Guidelines

The District recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. The District will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices interfere with the educational program of the schools.

Accordingly, the District Administrator and/or Designee shall establish such grooming guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes. Such guidelines shall prohibit student dress or grooming practices which:

- A. present a hazard to the health or safety of the student or to others in the school, including by way of communicating threats of harm or depictions of harmful conduct directed at others;
- B. interfere with schoolwork, create disorder, or disrupt the educational program, including dress that promotes or depicts illegal activity, such as illegal drug use, underage alcohol consumption, or similar activities;
- C. cause excessive wear or damage to school property;
- D. prevent the student from achieving their own educational objectives because of blocked vision or restricted movement.

Such guidelines shall also apply to the dress requirements for members of the athletic teams, bands, and other school groups when representing the District at a

public event. Where appropriate, a uniform or specific dress requirement shall be used for students when representing the District as described.

In enforcing the dress code, the following procedures shall be used:

- A. the principal shall serve as the initial arbiter of student dress and grooming in their building;
- B. before taking action to enforce dress code requirements, including by requiring that a student remove, cover, or otherwise conceal the item or depiction at issue, the principal shall determine whether the item constitutes protected speech in so far as the item independently makes a statement of a discernable nature to the observer by depiction, words, or combination of the two that does not require separate explanation.

Expressive dress may not be protected speech if it involves:

- A. Obscenity
- B. Language or depictions intended to incite violence or foment hatred of others

Dress that is protected speech may still be prohibited if it is likely to cause a substantial disruption to the educational environment. This may include dress that includes the use of vulgarity, discriminatory language including racial or ethnic slurs, negative stereotypes, violence, or other communication when the clear intent is to invoke strong reactions in observers so as to impair the ability of teachers and/or students to engage in educational pursuit.

No protected speech may be prohibited on the basis of disagreement by District officials with the specific point of view expressed if the topic is otherwise permitted (e.g. permitting depictions of support for one political party, but prohibiting depictions of support for the other).

Students who violate the foregoing rules will not be admitted to class and may be subject to additional consequences.

If the clothing cannot be removed or concealed, the student may be sent home after contact is made with the student's family.

Drugs & Alcohol

Wisconsin law prohibits students from possessing, using, selling, giving away, or being under the influence of alcohol or drugs during school hours, on school property, or at a school-sponsored activity. Students who violate this law will be subject to criminal prosecution as well as school consequences.

The District promotes the "no use" message for all students through school and community awareness programs. Students receive instruction about the hazards of drug and alcohol abuse through the school health curriculum.

Families can find information and resources to help prevent underage alcohol or drug misuse on the [Alliance for Substance Misuse Prevention](#) website.

Emergency Action Plan

The ECASD utilizes the Standard Response Protocol (SRP), founded by the “I Love U Guys” Foundation, in which students and staff are trained. The action plan consists of 5 specific actions to be used in multiple incident scenarios: Hold, Secure, Lockdown, Evacuate, and Shelter. These actions are drilled throughout the school year. The ECASD coordinates drills with the Eau Claire Police Department, Eau Claire Fire Department, and other first responder agencies to ensure the safety of our students and staff.

How does the plan work?

The SRP will be utilized for responding to situations as they happen. The situation will dictate the level of response needed from staff, first responders, and ECASD administration.

How do I get information about an incident?

Should an emergency event involve an entire school, the District administration will communicate with the public as soon as possible via the media. The building principal will also send families a letter explaining the event and actions taken.

What if school closes early?

When school closes early, bus service will be arranged with Student Transit at (715) 839-5116. Children with no one to pick them up or no family member at home shall be discharged to the emergency drop spot identified by families at the start of the school year.

Special Concerns

Special provisions for special populations - Contact building principals for details if children have special care needs. District administration will notify the YMCA and Grace Lutheran Day Care if school is cancelled. Daycare providers will notify families and make childcare arrangements.

Extended Learning Opportunities/Homework

The School Board recognizes that extended learning opportunities/homework are activities designed to enhance the individual learning needs of students. Extended learning opportunities/homework shall refer to those assignments to be completed outside of school by the student or independently while in attendance at school. Teachers shall ensure that students and families are informed of extended learning opportunities/ homework expectations.

The Superintendent shall oversee extended learning opportunities/homework procedures that:

- Reflect best practice research and District guidelines
- Extend classroom learning
- Explore educational learning experiences beyond the classroom
- Assess background knowledge
- Ensure extended learning opportunities/homework shall not be assigned as a disciplinary measure
- Ensure extended learning opportunities/homework require the use of common materials accessible to families in all socio-economic statuses
- Ensure extended learning opportunities/homework shall not be dependent on family participation

Fees

All students participating in high school athletics will pay a fee. That fee varies by sport and is available July 1st of each school year. Individuals pay for a maximum of two sports/year (the third sport is free), and there is a family cap. Students in non-athletic competitive activities at the high schools that have a paid coach or advisor will pay a fee per activity. Students participating in middle school athletics/activities and in Special Olympics will pay a fee per activity. All students who qualify for reduced price meals will pay half the fee and those who qualify for free meals will pay no fee.

Harassment

The School Board supports an educational environment that is free of harassment and hate. The Board's authority is derived from Wisconsin statutes that allow school boards to establish rules pertaining to the conduct of students to maintain a favorable academic atmosphere. It is, therefore, the policy of the District that neither students nor employees will be allowed to engage in any form of harassment, hate, or intimidation toward other students or school employees.

It is the responsibility of all School District staff and students to ensure that these prohibited activities do not occur.

Regulations and complaint procedures can be found here:

411-Rule (1) / 9130 (go.ecasd.us/GeneralComplaint)

411-Rule (2) / 5517 and 5517.01 (go.ecasd.us/BullyingHarassment)

Harassment (Student Sexual Harassment)

The ECASD is committed to maintaining a learning environment that is free of sexual harassment toward or between students. Sexual harassment of a student can deny or limit, on the basis of sex or gender, the student's ability to participate in or to receive benefits, services, or opportunities in the school's program. The District shall not tolerate sexual harassment in any form and shall take all necessary and appropriate action to eliminate it, up to and including discipline of the offenders.

Sexual harassment is defined as:

- Any deliberate, repeated, or unwanted sexual advance
- Remarks or actions that are sexually offensive or objectionable to the recipient or which causes the recipient discomfort or humiliation, or which interferes with the recipient's academic or work performance
- Sexual harassment can take the form of any unwanted sexual attention, ranging from the following:
 - Leering
 - Pinching
 - Patting
 - Verbal comments
 - Display and/or exchange of graphic or written sexual material
 - Electronic comments, photos, or other unwanted sexual materials/communication
 - Subtle or expressed pressure for sexual activity, including requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature

In addition to the anxiety caused by sexual demands on the recipient, sexual harassment may include the implicit message from the alleged offender that noncompliance will lead to reprisals. Reprisals may include, but are not limited to, the following:

- The possibilities of harassment escalation
- Unsatisfactory academic/work evaluations
- Difference in academic/work treatment
- Unwarranted comments to or by peers

It is the intent of the District to create an atmosphere where complaints shall be treated fairly and quickly. Any person who believes they have been harassed or have knowledge that a policy violation has occurred should file a complaint with

the building principal or any trusted School District employee in accordance with the District's bullying and sexual harassment policies and procedures. See District Policy 411-Rule (2) on previous page for more information.

All harassment complaints shall be taken seriously and be properly investigated in accordance with the District's complaint procedures. See District Policy 411-Rule (1) on previous page for more information. Any staff member receiving a complaint shall immediately report it to the building principal. Appropriate actions shall be taken to prevent or correct the harassing behavior, which may include referral to law enforcement. There shall be no retaliation against anyone for reporting harassment or cooperating in a harassment investigation. The District shall respect the confidentiality of both the Complainant and the accused to the extent possible. Persons who engage in harassment or retaliatory conduct in violation of District Policy 411/5517 shall be subject to disciplinary measures consistent with District policies and procedures.

Illness

We encourage families to review prevention measures and teach children to make them part of their everyday routine. These good health habits can help stop the spread of germs and prevent illness:

- Avoid close contact with people who are sick
- Stay home when you are sick
- Cover your mouth and nose with a tissue when sneezing or coughing
- Wash your hands often with soap and water
- Avoid touching your eyes, nose, or mouth
- Don't share food or drinks with others

Families should develop alternate care plans for their children should their children become ill and need to stay home or in the event that their school is closed. Symptoms of illness include fever of 100.4°F or more, cough, sore throat, body aches, headache, and fatigue. Anyone exhibiting these symptoms should stay home, except to seek medical care.

Law Enforcement Procedures

Notification of Families Prior to Interview

Officers in the Eau Claire Police Department serve as ECASD School Resource Officers. The School Resource Officer does not act as the primary responder to school discipline. The purpose of their presence is to promote a positive and safe learning environment, act as a resource within the school community, assist in the education of students regarding police issues, and conduct necessary enforcement activities within schools. The School Resource Officers are plain clothed officers who don all of the equipment of an officer.

Reasonable and appropriate attempts shall be made to notify the parent(s) or guardian of any student who is interviewed by a law enforcement official on school premises during the school day, with advance notice encouraged but not strictly required. If contacted, a student's parent/guardian may be permitted to attend the

interview at the discretion of the principal. Parents/guardians may not be permitted to attend such interviews in situations where law enforcement and the principal believe their presence would impair the investigation. If a student is interviewed by law enforcement officials without a parent/guardian or administrator presence, the principal or designee shall explain the circumstances that led to the interview and place a written report of the incident in the student's file. Unless otherwise requested by the officer, the principal (or in the principal's absence their designee) may sit in on the interview.

Searches by Law Enforcement Officers

To the extent permitted by law, a school official conducting student-related search activities outlined in District Policy 446/5771 or any other District policy may request the active assistance of a school liaison officer or other law enforcement official.

Lockers

When lockers are available, students have the right to a specific locker for use. The use of a locker other than the one assigned is prohibited. Items brought to school or those stored in lockers are not insured for reimbursement by the School District. The principal or their designee will set times for locker clean out by students and locker checks, as the lockers are the property of the School District.

Meals at School

The National School Lunch and School Breakfast Programs are available at all schools in the District. Meals served under these programs must meet the guidelines set forth under the Healthy Hunger Free Kids Act of 2010 to receive federal reimbursement. Children from households that meet Federal Income Guidelines are eligible for either free or reduced-price meals. Applications are available online at www.myschoolapps.com; paper copies are available in all schools and at the Administration Building, 500 Main Street, in the Food and Nutrition Office.

Meal Charges

The Eau Claire Area School District has a pre-payment system for school meals; however, we recognize that, on occasion, students may forget to bring meal money to school. Unpaid charges are the responsibility of parents/guardians and place a financial strain on the Food and Nutrition Department. We understand that mistakes happen, but meal payments are important to our program.

Unpaid charges are the responsibility of families and place a financial strain on the Food and Nutrition Department. Our goals regarding student meal charges are to be consistent regarding charges; treat all students with dignity in the serving line regarding meal accounts; support positive interactions and outcomes to the

maximum extent possible; establish processes that are age appropriate; encourage families to assume the responsibility of meal payments; and promote self-responsibility of the student. The Food and Nutrition Department will notify families regarding low or outstanding balances.

Student accounts that incur a negative balance will be monitored closely and reminders will be given to students and sent home. In addition, students will not be allowed to purchase a la carte if their account has a negative balance. Transactions may become a cash basis transaction. It is the responsibility of the guardian to monitor the account balance and send funds appropriately. If an account becomes negative, a guardian must contact the student's school and/or the Food and Nutrition office at (715) 852-3061 to establish a payment plan. Families will continue to receive payment reminders for any unpaid meal account balances.

The Free Meal eligibility status allows a student to receive one free breakfast and one free lunch every day; however, balances incurred prior to application approval remain the responsibility of the family. Families may apply for free or reduced-price meals anytime during the school year. A la carte items, which include milk purchased to drink with a meal brought from home, are not part of the USDA program so must be purchased separately.

Medication

No medication shall be given to a student by any employee of the District unless written instructions for dispensing prescribed medication, signed by the prescribing physician/licensed prescriber, along with written authorization from the family authorizing school personnel to give medication in the dosage prescribed by the physician/licensed prescriber, have been delivered along with the drug to designated school personnel.

In order for school personnel to dispense the medication to a student, the family must complete a "Medication Consent Form," and the physician must have written directions to provide to the school.

Non-Discrimination

The ECASD is committed and dedicated to the task of providing the best education possible for every child in the District.

No person shall be denied admission to any public school or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil services, recreational, or other program or activity because of the student's sex; race; religion; color; national origin; ancestry; immigration status; creed; pregnancy; marital or parental status; physical, mental, emotional, or learning disability; sexual orientation; gender identity; or gender expression. In determining qualifications for participation, all students shall be judged against the same predetermined qualifying standards in a manner that is fair and objective.

Barrier-free access to school facilities shall be provided to the extent that no student with disabilities is denied an opportunity to participate in a District program available to students without disabilities.

Reasonable efforts shall be made to identify unserved disabled students of this District eligible for special education and/or related services. Each identified student shall be provided with a free and appropriate public education, including a program of educationally-related services deemed essential for the educational success of that student. Such a program of special education services shall be provided in the least restrictive environment and in barrier-free facilities. To the maximum extent appropriate to the student's disability, a disabled student shall be placed in an educational setting with non-disabled or less severely disabled students.

The Eau Claire Area School District ensures that homeless children and youth have equal access to educational programs provided to other children and youth.

They shall be provided the services and have access to the programs and activities that are offered to other children attending District schools, including transportation services, educational services for which the children/youth meet eligibility criteria (e.g., special education, Title I programming, programs and services for English Learners), gifted and talented programming, career and technical education programs, and school nutrition programs. No homeless child or youth shall be required to attend a separate school or program for homeless children and shall not be stigmatized by school personnel.

The McKinney-Vento Homeless Assistance Act defines "homeless children and youth" as individuals who lack a fixed, regular and adequate nighttime residence.

The term includes, but is not limited to, children and unaccompanied youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; living in motels, hotels, or campgrounds due to lack of alternative adequate accommodations; living in emergency or transitional shelters; or living in cars, parks, public spaces, abandoned buildings, substandard housing, bus stations, or similar settings.

Discrimination Complaint Procedures

Complaint Process

If any person believes that there has been a violation of a District nondiscrimination policy, that the District has failed to meet any of its obligations under state or federal nondiscrimination law, or that any unlawful discrimination has occurred (including harassment or prohibited retaliation) for which the District is responsible, they may bring forward a complaint under these procedures. It is the District's expectation that all such complaints will be brought forward and processed in good faith.

Complaints under these procedures shall normally be submitted in writing directly to the District's Equal Educational Opportunities Compliance Officer ("Compliance Officer"), who also serves as the District's designated coordinator, for all student and other non-employment matters under the following federal laws: Title IX, Section 504, the Americans with Disabilities Act, and the Age Discrimination Act. The following individual currently serves as the Compliance Officer:

Dang Yang, Director of EDI
500 Main Street
Eau Claire, WI 54701
(715) 852-3069
dyang1@ecasd.us

The Executive Director of Human Resources shall perform the duties of the Compliance Officer (including receiving complaints) if the Compliance Officer is temporarily unavailable or if a complaint involves any alleged improper conduct by the Compliance Officer.

Any person presenting a report or complaint under these procedures who has concerns about safety, confidentiality, or retaliation should discuss those concerns with the Compliance Officer as early as possible in the process, preferably at or even prior to the time that the detailed report or complaint is made.

In conjunction with the District's receipt of notice of any report or complaint of alleged discrimination or retaliation under these procedures, the District shall consider (and the Complainant may affirmatively request consideration of) any interim measures that should be taken before the final outcome of an investigation (e.g., safety planning or other steps needed to protect the Complainant and ensure equal access to the District's education programs and activities).

Informal Resolution of Complaints and Concerns

The District encourages the voluntary, informal resolution of student discrimination complaints or related concerns. For example, if an issue or concern is brought to the attention of a building principal and the building principal offers a resolution that is satisfactory to both the District and to the person who presents the issue(s), it is not necessary to initiate a more formal investigation or to issue a formal determination of the complaint under the steps outlined below.

However, if the Complainant is not satisfied with a proposed resolution or believes the issue is too significant to pursue and resolve informally, the Complainant may initiate (or continue to pursue) the formal procedures according to the steps listed below.

Formal Complaint Procedures

Step 1: A written statement of the complaint shall be prepared by the Complainant, signed, and submitted to the Compliance Officer or their administrative-level designee. The District has a form, 411-Exhibit (1), available for this purpose at go.ecasd.us/BullyReport. The Compliance Officer shall investigate or coordinate an appropriate investigation of the issue(s) and, in a manner consistent with applicable student records laws, issue a written determination to the Complainant and any other appropriate parties indicating the extent to which the complaint was or was not substantiated and including such other information as may be appropriate under the circumstances. This initial, written administrative determination shall normally be made within 45 days of the filing of the statement of the complaint, although some matters may require additional time. If a complaint presents particularly complex or serious allegations, the Compliance Officer may immediately involve the District Administrator in deciding how to proceed to an initial administrative determination of the complaint.

Step 2: If any actual party in interest to the complaint (including any alleged victim/target or any alleged responsible party) wishes to appeal an initial administrative determination of a formal complaint, they may submit a signed statement of appeal to the District Administrator. After conducting any further inquiry into the matter that the District Administrator deems appropriate, the District Administrator shall formulate a conclusion and respond in writing to the appeal. The response will normally be issued within 10 school days. If the District Administrator was involved in making the initial determination, the request for appeal shall be treated as a request for consideration.

Step 3: If any actual party in interest to the complaint disagrees with the determination of the complaint made by the District Administrator, they may either (1) treat the District Administrator's decision at the previous step as the final District determination of the complaint and proceed to Step 4 (if applicable) or (2) submit at the Office of the District Administrator within 10 school days a further appeal through a signed, written statement to the School Board that describes in reasonable detail the factual and/or legal basis for the person's disagreement with the previous determination. Within 30 days, the Board shall address the appeal at a meeting. Upon its review of the appeal and the record of the complaint, the Board may affirm, reverse, or modify the previous determination or remand the matter for additional information. The Board may or may not meet with any of the parties in interest prior to reaching a decision. Notice of the Board's disposition of the appeal shall be sent by the Board Clerk, or the Board Clerk's designee, to appropriate parties within 15 days of reaching a decision. Such notice shall inform the Complainant of their right to appeal the District's determination of the matter to the State Superintendent of Public Instruction to the extent permitted by law.

Step 4: If, at this point, the complaint has not been satisfactorily resolved, further appeal may be made within 30 days to the Department of Public Instruction (DPI),

Equal Educational Opportunity Office, P.O. Box 7841, Madison, WI 53707. An appeal to the DPI should be in writing and signed. The following information should be included: the reason for the appeal, the facts that make the Complainant believe discrimination occurred, and the relief or outcome the Complainant is requesting. If the person appealing is a minor, a parent or guardian must sign the appeal. In addition, the Complainant may appeal directly to the DPI if the District has not provided written acknowledgement within 45 days of receipt of the complaint or has not made a determination within 90 days of receipt of the written complaint.

Nothing within these locally established complaint procedures shall preclude individuals from filing a discrimination complaint or request for enforcement directly with the U.S. Department of Education's Office of Civil Rights (OCR), as authorized by law. Such complaints may be made to:

Chicago Office for Civil Rights
U.S. Department of Education
Citigroup Center
500 W. Madison Street, Suite 1475
Chicago, IL 60661-4544
Telephone: (312) 730-1560
Fax: (312) 730-1576
Email: OCR.Chicago@ed.gov

Office 365 for Home Use Program

ECASD students and families may download up to five copies of Microsoft Office (Word, Excel, Outlook, etc.) for FREE! Students and families are reminded that they are responsible for Tech Support for personal devices.

Families can use the plan as long as the student is enrolled in the ECASD. Eligibility may be re-verified at any time. When your license expires, you will be able to view documents previously created but cannot edit or create new documents. This license applies to any and all Office products, including Office 365. Find directions on how to install Microsoft at home at www.ecasd.us/hup.

Recess

Elementary students will go outside for recess everyday unless it is raining or the temperature is dangerously cold. The school staff will make that decision based on District guidelines. District guidelines state that students will stay inside for recess when the temperature is below 0 or below -10 with wind chill. Please send your child to school with appropriate clothes for the weather.

Warm winter coats, hats, boots, and mittens are essentials of every elementary

school child. If a child must stay inside for medical reasons, families are required to send a note from the doctor detailing the period of time of restricted activity. When this is the case, the child will remain in the office and can read or play quietly.

Search & Seizure Procedures

It is the policy of the District to provide a safe and healthy environment for all persons in school buildings and on school premises. School officials have a duty to investigate any suspicion that items or materials harmful to the health and safety of students, school personnel, or property are present within the school or on school premises. This includes, but is not limited to, conducting search activities as outlined in this or other District policies.

Locker Searches – A school locker is provided for the convenience of the student to be used solely and exclusively for the storage of the student's wearing apparel and school-related materials during the time the student is attending school. No student shall use the locker for any other purpose. The locker is assigned to a student but remains the property of the District. At no time does the District relinquish its exclusive control of the lockers. Locker searches may be conducted as determined necessary or appropriate without notice, without student consent, and without a search warrant. Locker searches under this policy may be conducted by the Superintendent, a building principal or assistance principal, a school employee specifically designated by the Superintendent or building principal, a school liaison officer, or other law enforcement official who is acting at the request of or in conjunction with school authorities. Any unauthorized item found in the locker may be removed. Items removed from the locker may be held by the school for return to the parent(s)/guardian of the student or retained for disciplinary proceedings or turned over to law enforcement officials. The adult student or parent/guardian of a minor student shall be notified of items removed from the locker and turned over to law enforcement officials.

Search of Students and/or Their Personal Belongings – District staff may conduct a search of a student or the student's personal belongings (e.g., backpacks) when the student voluntarily consents to the search or where there is reasonable suspicion that the student has in their possession items that violate the law, Board policies or school rules. The search shall be conducted in a reasonable manner and must not be overly intrusive in light of the age and sex of the student and nature of the infraction. Searches of a student's personal belongings should generally be conducted outside the presence of other students. No District official, employee, or person acting as an agent of the District shall conduct a strip search of a student.

Vehicle Searches – The District may search student-operated vehicles parked on school premises when there is reasonable suspicion of a violation of the law, Board policies or school rules or the student has given consent to the search of the vehicle.

Use of Canine Units in Safety and Search-Related Activities – The District authorizes the use of trained canine units to detect the presence of drugs, explosive devices, or other illegal items/substances on school property under the following conditions: (1) the presence of the canine unit on school property is

authorized in advance by the Superintendent or designee or is pursuant to a court order or warrant; (2) a law enforcement officer specifically trained to work safely and competently with the canine unit must handle the canine; and (3) the canine unit is represented by the sheriff or chief of law enforcement agency providing the service as capable of accurately detecting specific contraband. The District shall not use trained canine units to sniff a student's person, including articles of clothing a student is wearing or a bag while the student is holding it. A positive reaction by a trained canine unit will provide reasonable suspicion for a search of a student's locker, vehicle, or other property in accordance with this policy.

To the extent prohibited by law, school employees shall not request or require a student to disclose the access information for any of the student's personal internet accounts.

To the extent permitted by law, a school official conducting student-related search activities under this or any other District policy may request the active assistance of a school liaison officer or other law enforcement official. School officials may remove any unauthorized item found as a result of a search. Items belonging to the student but removed or temporarily confiscated by the District will generally be held by the school for return to the student's parent or guardian (for students who are minors) or, if appropriate, turned over to law enforcement. The student and the student's parent or guardian shall be notified of any unauthorized item belonging to the student/family that has been found and turned over to law enforcement officials.

Supplies/Books/Equipment

Some school supplies are furnished to students. Students will be expected to pay for materials used in constructing projects of value that are taken home or become the property of the students. Students shall also be expected to pay the replacement cost for consumable supplies, workbooks, etc., that are lost or abused.

STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction and the way they approach student learning to incorporate the vast, diverse, and unique resources available through the Internet. The Board provides technology resources (as defined in Bylaw 0100) to support the educational and professional needs of its students and staff. With respect to students, District Technology Resources afford them the opportunity to acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board provides students with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students. The District's computer network and Internet system do not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of District technology resources by principles consistent with applicable local, State, and Federal laws, the District's educational mission, and articulated expectations of student conduct as delineated in the Student Code of Conduct. This policy and its related administrative guidelines and the Student Code of Conduct govern students' use of District Technology Resources and students' personal communication devices when they are connected to the District computer network, Internet connection, and/or online educational services/apps, or when used while the student is on Board-owned property or at a Board-sponsored activity.

Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Because its Technology Resources are not unlimited, the Board has also instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using District Technology Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the District's computer network and/or Internet connection).

Users of District technology resources do so solely at their own risk and assume all responsibility for any and all possible damage or loss of data, content, software, or equipment. The District makes no promises or warranties to users regarding potential damage or other loss.

The Board may not be able to technologically limit access to services through its technology resources to only those that have been authorized for the purpose of instruction, study, and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the

curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the District Administrator and/or Designee, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The technology protection measures may not be disabled at any time that students may be using the District technology resources, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The District Administrator and/or Designee may disable the technology protection measure to enable access for bona fide research or other lawful purposes.

Families are advised that a determined user may be able to gain access to services and/or resources on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their families may find inappropriate, offensive, objectionable, or controversial. Families of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the dangers inherent with the online disclosure of personally identifiable information;
- C. the consequences of unauthorized access (e.g., 'hacking', 'harvesting', 'digital piracy', 'data mining', etc.), cyberbullying, and other unlawful or inappropriate activities by students online;
- D. unauthorized disclosure, use, and dissemination of personally identifiable information regarding minors.

Staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities of students while at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The Board expects that staff members will provide guidance and instruction to students in the appropriate use of District technology resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media(including in chat rooms), and cyberbullying awareness and response.

Students are responsible for good behavior when using District technology resources - i.e., behavior comparable to that expected of students when they are in classrooms, school hallways, and other school premises and school-sponsored events. Communications on the Internet are often public in nature. The Board does not approve any use of its technology resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of District technology resources that are not authorized by this policy and its accompanying guidelines.

The Board designates the District Administrator and/or Designee as the administrator(s) responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to students' use of District technology resources.

Technology Acceptable Use Rules

Students should approach their use of technology resources with the understanding that all of the school rules and expectations that apply to in-person interactions and to the student's general conduct while at school or while under the supervision of a school authority also apply to their use of District and personal technology, their online conduct, and their electronic communications. This document and various other District policies, rules, and regulations include additional requirements and expectations that are directly related to the use of technology

resources and electronic devices.

Policies, rules, and regulations cannot directly address every situation that a student may encounter. Therefore, an additional aspect of "acceptable use" is that the District expects each student who uses District and personal technology resources to take an appropriate degree of personal responsibility for exercising sound judgment in their use of technology and in their technology-related activities and communications.

The District's technology resources, including the District's technology-related equipment, software, networks, network account, and Internet access, are open to limited and regulated use by students as a privilege. Each student who uses the District's technology resources is required to follow the District's established expectations for acceptable use and District core values.

In general, “acceptable use” means that a student is required to use technology resources in a manner that:

- has a legitimate educational or other school-authorized purpose;
- is legal;
- is ethical (including, for example, avoiding plagiarism);
- avoids harm to any person (including, for example, making threats, harassing or bullying someone, violating someone's privacy, accessing another person's accounts, records, or files, etc.);
- avoids harm to property (including, for example, damaging hardware, software, equipment, another person's work, or electronic files, etc.);
- avoids accessing or transmitting harmful or inappropriate material;
- is respectful of others; and
- is consistent with all applicable school notices, rules, and regulations, as well as any additional directives or instruction that may be provided by District staff.

If a student wishes to use technology (including engaging in electronic communications) in a manner that is secured, private, and not accessible to the District, they should not use the District's technology resources.

If a student uses District or personal technology resources in a manner that violates the District's expectations for acceptable use (or any other established policy, regulation, rule, or directive), the student is subject to possible discipline. Examples of possible consequences for improper use of technology include the following:

- Suspension, restriction, or revocation of the privilege of use of District technology resources;
- The imposition of academic consequences for academic-related violations;
- Suspension and/or expulsion from school; and/or
- Referral to law enforcement.

If a student has a question concerning any policy, notice, rule, regulation, or directive that relates to technology resources, or if a student encounters a situation in which they are uncertain about any expectation for acceptable use or about how to proceed, the student should contact a teacher or an administrator to obtain appropriate guidance.

Additionally, accounts with District-contracted vendors are created and managed by the District to support student use of technology that supports classroom and co-curricular activities.

Technology Mobile Device Student Agreement

Introduction

The Eau Claire Area School District strategic plan aligns with the International Society for Technology in Education (ISTE) standards for students. For the latest ISTE standards, visit www.iste.org.

Terms of Agreement

For purposes of this document, a device refers to any laptop or tablet. Examples include, but are not limited to, the Chromebook, iPad, Windows or Apple Laptop, and any accessories like power supplies, charging cables, or stylus devices like Apple Pencils. Each piece of equipment is issued to a student as an educational resource. The conditions surrounding this equipment can be equated to those of a textbook, school-issued calculator, musical instrument, or athletic uniform.

The Eau Claire Area School District is the legal owner of the device and its accessories. The District reserves the right to take back the device at any time. Right of possession and use is conditioned upon successful completion of the ECASD Digital Citizenship curriculum and compliance with the following:

- Mobile Device Student Handbook
- All Board policies, rules, and exhibits
- Classroom and school guidelines
- Local ordinances
- State statutes
- Federal laws
- Copyright laws and educational Fair Use policies

Damage and/or violations may result in the loss of privilege, disciplinary action, and/or legal action for the student. Students are responsible for the device at all times and will be required to pay for damaged, defaced, lost, or stolen devices and protective cases **due to accidents or negligence** as determined by their principal. Families concerned about these costs should consider scheduling the device through their personal insurance plan. Costs are derived from the current fair market value.

ECASD Technology Devices Repair and Replacement Costs

Item - Supply	Replacement Charge as of 07.01.23
Apple charger block and cord	\$ 20.00
Apple charger block only	\$ 12.00
Apple charger cord only	\$ 10.00
Apple Pencil Gen 1	\$ 100.00
Apple Pencil Gen 2 (HS Art Classes)	\$ 130.00
Dell USB-C charger (laptop)	\$ 35.00
iPad keyboard Lightning Connector	\$ 45.00
Mifi Hotspot charger block	\$ 8.00
Mifi Hotspot cord	\$ 6.00
Replacement of iPad case	\$ 25.00
Student iPad Repair (accidental damage)	\$ 40.00
Student Laptop Repair (accidental damage)	\$ 80.00
iPad Repair (intentional damage)	Replacement Cost
Laptop Repair (intentional damage)	Replacement Cost

Item - Equipment	Replacement Charge as of 07.01.23
Apple iPad 6th Gen, 32 GB	\$ 294.00
Apple iPad 7th Gen, 32 GB	\$ 294.00
Apple iPad 8th Gen, 32 GB	\$ 294.00
Apple iPad 9th Gen, 64 GB	\$ 294.00
Apple iPad Air 4th Gen	\$ 653.00
Apple iPad keyboard Bluetooth	\$ 76.00
Apple iPad Pro 11" kit 265GB	\$ 1,018.00
Dell 3300	\$ 534.00
Dell 3310	\$ 560.00
Dell 3310 Gen 2	\$757.00
Dell 3410	\$ 799.00
Dell 3420 - Standard Config	\$ 859.00
Dell 3420 - w/ Graphics Card	\$ 921.00
Dell Precision 3551	\$ 1,535.00
Dell Rugged 5420	\$ 1,704.00
Hotspot--Jetpack 8800	\$ 149.00
Hotspot--Orbic	\$ 60.00
Lithium Battery - JAR System	\$ 112.00

Please visit go.ecasd.us/TechFees for additional fee information.

The right to use and possess the device and all accessories terminates no later than the last day of attendance. Failure to return the device on or before this date to the school principal may result in charges being sought against the student and/or family.

Students are allowed access to electronic resources unless the school is notified in writing by the parent/guardian. When using the device, all rules and guidelines are in effect before, during, and after school hours, for all ECASD devices. All files stored on the device or the network are also a property of the District and may be subject to review and monitoring.

Student Use of the Mobile Device

When using the device, students need to act in an ethical and legal manner. All students need to demonstrate proper digital citizenship by recognizing and guarding their personal and private information. While on the Internet, students shall not share any personally identifying information.

Some of the devices are equipped with a camera, video recording, and audio recording capabilities. ECASD retains the rights concerning any recording and/or publishing of any student or staff member's work or image. These digital media are for school use only.

Students are expected to report any damage to their issued devices as soon as possible. A student should contact their teacher immediately if they identify or know about a security problem, or if they come across information, images, or messages that are inappropriate, dangerous, threatening, or make them feel uncomfortable.

Personalization and Apps/Software on the Mobile Device

- All students will have access to a cloud-based drive on which to store data.
- It is the responsibility of the student to back up files on a regular basis.
- All devices may be re-imaged when they malfunction, or at any point during or after the school year. Re-imaging removes all data on the device.
- All content must be legally purchased when downloaded to the device.
- Students should protect their devices through digitally locking.
- District email accounts will be added to the device.

School-Provided Required Apps

- Required software/apps may be installed by the District throughout the school year.
- In compliance with the Children's Internet Protection Act, students under the age of 13 may not create online accounts outside of those managed by the District.

Care of Mobile Device

General Information:

- Students are responsible for the general care of the device.
- Device repair/replacement will be done by the ECASD Technology Department. Students may be issued a temporary device, or other materials, until the damaged/lost device is working properly or replaced.
- Each device has unique identification numbers (internal and external). At no time should the numbers or labels be modified or removed.

Battery and Charging:

- Devices come with ports for charging and other accessories. Care must be exercised when plugging and unplugging accessories.
- The device is designed for daily use. Each user should monitor the battery status of the issued device to ensure it is charged for classroom use.

Cases:

- Some devices come with a protective case. In those situations, leave the device in its case at all times.
- Device cases furnished by the school must be returned with only normal wear. To avoid replacement fees, no alterations (e.g., stickers, marks, etc.) should be made to the case.

Screen:

- Cleaning: The device should only be cleaned with a soft, lint-free cloth. Electronic devices do not respond well to liquids.
- Scratching: Avoid using any sharp objects on or near the device.
- Cracking: Handle the device with care, avoiding drops, crashes, and placing under heavy objects.

Storage and Carrying:

- Never leave a device unattended.
- Place the device in a safe location when transporting it in a bag.
- Keep the device away from food and drinks.

Tobacco & Vaping-Free Zones

The Board recognizes that the use of tobacco products, as well as other nicotine delivery systems, such as electronic smoking devices, are a health, safety, and environmental hazard for students, staff, visitors, and school facilities. The Board is acutely aware of the serious health risks associated with the use of these products, both to users and non-users, and that their use or promotion on school grounds and at off-campus school-sponsored events is detrimental to the health and safety of students, staff, and visitors. The Board also believes accepting tobacco industry gifts or materials will send an inconsistent message to students, staff, and visitors.

It shall be a violation of this policy for any student of the District to possess, use, consume, display, promote, or sell any tobacco products, tobacco industry brand, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content, including smoking as defined in this policy, at any time on school property or at off-campus, school-sponsored events.

For more information, please see District Policy 831/5512 on our website.

Vehicles on School Property

No person shall park, stop, or leave standing any motor vehicle after normal business hours unless authorized by the principal in charge of the school upon and about the property or grounds of any school within the District. Because of safety factors, security and liability, snowmobiles, go-carts, dirt bikes, all-terrain vehicles, and other off-road type vehicles are prohibited from being on school property or on property leased, rented, or otherwise used by the School District, or under the supervision of school personnel, or which is used for a school program or activity.

Visitors to District Buildings

ECASD will continue to use Raptor Visitor Management System for all facilities. Raptor Visitor Management has strengthened our facilities visitor management safety protocols by knowing who is in the facilities as they enter and exit the facilities through the front office. Upon entering a District building, visitors will be asked to present an ID, which may be scanned or manually entered into the system. If a visitor does not have a U.S. government-issued ID, the staff member will ask to see another form of identification and manually enter the person into the Raptor system. The Raptor system only checks the visitor's name and date of birth for comparison with a national database of registered sex offenders to ensure that registered sex offenders are not entering our facilities. No other data from the ID is gathered or recorded. Once entry is approved, Raptor will issue a badge that identifies the visitor, the date, and the purpose of his/her visit.

The safety of our students is our highest priority, and the Raptor Visitor Management system provides a consistent way to aid in keeping away people who may present a danger to our students. Therefore, all visitors to the facility must be entered into the system and obtain a visitor badge. Thank you, in advance, for your understanding and support of enhancing safety protocols in our District.

For more information about visiting District buildings, please see District Policy 860/9150 on our website.

Visual Media Use

State and federal laws safeguard children and their families against release of student information used by schools or provided by schools to parties external to the School District. Visual media (images and video) of students in the schools are subject to these laws.

ECASD shall observe measures intended to protect students from their involvement in visual media to which they or their families might object under the law. The following provisions outline the extent to which that protection can and will be provided:

1. Capturing of visual media will not occur in private places (e.g., restrooms, locker rooms, etc.) where intrusion upon the privacy of a student of a nature highly offensive to a reasonable person may occur and for which charges of trespass may be actionable.

2. Families may exclude individual students from visual media not covered above by completing the District's Opt-Out Form, except that a family member cannot opt the student out:
 - a. When a student has voluntarily chosen or been allowed by their family to participate in or be a spectator at a school-related activity that is open to the public (e.g., an athletic event, music concert, school play) or has chosen to be an officially designated school leader or role model (e.g., athlete, scholarship applicant, musician, or valedictorian). Rather, it will be assumed that the student and their family have given tacit approval for the capturing of visual media of the student. Such footage may also be replayed without family permission.
 - b. When stock or generic visual media are being obtained in public places (e.g., hallways, auditoriums, gymnasiums, general classrooms, playgrounds, athletic facilities, etc.) by School District or external media sources. Individual students will be allowed to exclude themselves from such shots if they so desire.
 - c. When visual media will be made of individual students for professional purposes, it will be controlled by School District employees responsible for the setting in which the capturing of visual media occurred and will be erased or destroyed when the original purpose for which the record was made has been satisfied.
3. Families may opt-out their child from District use of images of a student for a variety of public purposes (e.g., newsletters, web page banners, marketing materials, etc.). This will also opt-out the student from having their full name, address, email address, and telephone number disclosed. In all cases, the full name of a student younger than 13 will not be disclosed with a visual image without parent permission.
4. A signed family consent form shall be required at all times to capture visual media of an individual student where that student is not a public figure by choice (e.g., victim, informant, witness), where the private life of the student is likely to be invaded, where the student's misconduct has come to public attention, or where a student's physical, mental or emotional condition/behavior is likely to be publicly exposed.
5. During normal school hours, representatives of the press/media will be expected to obtain permission from the building principal or their designee prior to interacting with staff or students on school property for any purpose.
6. Distribution of visual media of other students at school or captured at school where said image(s) and/or video is of a nature offensive or personal to a reasonable person will result in discipline including possible expulsion.

Weapons

The Board prohibits students from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the District for the purpose of school activities approved and authorized by the District including, but not limited to, property leased, owned, or contracted for by the District, a school-sponsored event, or in a District vehicle, to the extent permitted by law.

The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms (including, but not limited to, firearms as defined in 18 U.S.C. 921(a)(3)), guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives (subject to the exceptions listed in the policy), razors with unguarded blades, clubs, electric weapons (as defined in 941.295(1c)(a), Wis. Stats.), metallic knuckles, martial arts weapons, chemical agents, ammunition, and explosives.

The District Administrator and/or Designee will refer any student who violates this policy to the student's family and may also make a referral to law enforcement. The student may also be subject to disciplinary action, up to and including expulsion.

For more information, please see District Policy 832/5772 on our website.

Wellness

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and their ability to learn.

Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools'

meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

For more information, please see District Policy 458/8510 on our website.

STUDENT PROGRESS

Academic Recognition System

Students in the Class of 2023 and younger will earn high school academic recognition in their high school years through a new system adopted by the School Board in 2018. It is the vision of the School Board to promote post-secondary success for all students. The School Board values academic achievement and growth and recognizes students who have excelled during their high school careers.

	Cum Laude	Magna Cum Laude	Summa Cum Laude
GPA	3.500 - 4.00	3.750 - 4.00	4.00
Dual Credit Courses	2 ECASD credits	3 ECASD credits	5 ECASD credits

Dual Credits:

- Dual credits are earned by enrolling in a post-secondary articulated course.
- Dual Credit recognized by the ECASD include Project Lead the Way (PLTW), Advanced Placement (AP), Transcribed Credits (TC), Start College Now, and Early College Credit.

Implementation Timeline:

- The student's standing after seven high school semesters will be used for ceremony recognition.
- The student's standing after eight high school semesters will be used for transcript recognition.
- As the District transitions to the new Laude System, graduating classes of 2023, 2024, and 2025 will also continue to acknowledge the honor system and valedictorians as the district has in previous years. Seniors who have achieved the honors below will be acknowledged at the graduation ceremony in the following ways:
 - Honor System:
 - *** Highest Honor 4.0 GPA
 - ** High Honor 3.75-3.99 GPA
 - * Honors 3.50-3.74 GPA

Elementary Grading

Standards-based grades have been used in the ECASD at the elementary level since 1999. Research supports using standards-based grades to give a more accurate picture of what students know and can do rather than traditional letter grades. No letter grades are given during the elementary grades.

Graduation Requirements

Students must earn a minimum of 23.5 credits in grades 9-12 to qualify for graduation. Requirements include:

English	4 credits	Health	0.5 credits
Math	3 credits	Physical Education	1.5 credits
Science	3 credits	Electives	8.5 credits
Social Studies	3 credits		

Grading Scale

High schools in the ECASD use the following grading scale:

A	93%	4.00	C	73%	2.00
A-	90%	3.67	C-	70%	1.67
B+	87%	3.33	D+	67%	1.33
B	83%	3.00	D	63%	1.00
B-	80%	2.67	D-	60%	0.67
C+	77%	2.33	F	0%	

Report Cards & Family-Teacher Conferences

Report cards for students in grades PK-5 are issued two times per year. During the 2023-2024 school year, elementary marking periods will end on January 19, and June 5. Report cards for students in grade 6-12 are issued four times per year. During the 2023-2024 school year, secondary marking periods will end on November 3, January 19, March 22, and June 5.

Family-teacher conferences are strongly encouraged at all grade levels. Family-teacher conferences will be held on October 12 and February 29 (please refer to the calendar dates on the inside front cover of this handbook).

STUDENT PRIVACY, FILES, & RECORDS

Content of Student Records

Student records include all records relating to an individual student other than notes or records maintained for personal use by teachers or other certified personnel which are not available to others, records necessary for and available only to persons involved in the psychological treatment of a student, records created or received by the District after an individual is no longer a student in attendance and that are not directly related to the individual's attendance as a student, and law enforcement unit records.

1. "Progress records" maintained by the school include a statement of courses taken by the student, the student's grades, the student's immunization and lead screening records, the student's attendance record, and records of the student's extracurricular activities. Progress records must be maintained for at least five years after the child ceases to be enrolled.
2. "Behavioral records" maintained by the school include tests relating specifically to achievement or measurement of ability, psychological tests, personality evaluations, records of conversations, written statements relating specifically to an individual student's behavior, student physical health records other than their immunization records or lead screening records, law enforcement officers' records, and any other student records which are not progress records. Law enforcement officers' records are maintained separately from other student records. Behavioral records may be maintained for no longer than one year after the child graduates or otherwise ceases to be enrolled, unless the family specifies in writing that the records may be maintained for a longer period of time. The ECASD informs families when pupil records are no longer needed to provide special education. At the request of the student's family, the ECASD destroys the information that is no longer needed.
 - a. "Student physical health records" include basic health information about a student, including the student's immunization records, an emergency medical card, a log of first-aid and medicine administered to the student, an athletic permit card, a record concerning the student's ability to participate in an education program, any required lead screening records, the results of any routine screening test such as for hearing, vision, or scoliosis, any follow-up to such test, and any other basic health information as determined by the State Superintendent of Public Instruction.
 - b. "Patient health care records" include all records relating to the physical health of a student prepared by or under the supervision of a health care provider which are not included in the "student physical health records" definition above.
 - c. "Law enforcement records" include those records and other information obtained from a law enforcement agency relating to:
(a) the use, possession or distribution of alcohol or a controlled substance (AOD) by a student enrolled in the District, (b) the illegal possession of a

dangerous weapon by a child, (c) an act for which a District student was taken into custody based on the law enforcement officer's belief that they violated or were violating certain specified laws, and (d) the act for which a juvenile enrolled in the District was adjudged delinquent. The law enforcement agency may provide such record information to the District on its own initiative or designee, subject to the agency's official policy. Once the record information is received, the student named in the records and the families of any minor student named in the records shall be notified of the information.

- d. "Court records" include those records received from a court clerk concerning a juvenile enrolled in the District who: (a) has had a petition filed with a court alleging that they have committed a delinquent act that would be a felony if committed by an adult, (b) has been adjudged delinquent, (c) has school attendance as a condition of their court dispositional order, or (d) has been found to have committed a delinquent act at the request of, or for the benefit of, a criminal gang that would be a felony if committed by an adult, and has been adjudged delinquent on that basis.
3. "Directory data" means those student records that include student's name, recorded images of the student that are not being maintained by the District for a separate purpose as a behavioral record, student's school/grade level, degrees and awards received by the student, student's participation in officially recognized activities and sports, weight and height of members of athletic teams, the name of the school most recently/previously attended by the student, and student's dates of attendance (not including daily attendance records).

CONFIDENTIALITY

All student progress and behavioral records maintained by the School District shall be confidential with the following exceptions:

1. General Access

- a. A student or the family of a minor student shall, upon request, be provided with a copy of the student's progress records.
- b. An adult student or the family of a minor student shall, upon request, be shown the student's behavioral records in the presence of a person qualified to explain and interpret the records. Such a student or their family shall, upon request, be provided with a copy of the behavioral records.
- c. The judge of any court of Wisconsin or of the United States shall, upon request, be provided by the Board Clerk or designee with a copy of all progress records of a student who is the subject of any proceeding in such court. The District shall make a reasonable effort to notify the family or adult student of the order in advance of compliance therewith, except as otherwise provided by law.
- d. If school attendance is a condition of a student's dispositional order under Section 48.355 (2) (b) 7 or 938.358 (2), the Board shall notify the county department that is responsible for supervising the student within five days after any violation of the condition by the student.
- e. A law enforcement agency shall be provided a copy of a student's attendance record if the law enforcement agency certifies in writing that the student is under investigation for truancy or for allegedly committing a criminal or delinquent act and that the law enforcement agency will not further disclose the student's attendance record information except as permitted by law. When a student's attendance record is disclosed to a law enforcement agency for purposes of truancy, the student's family shall be notified of that disclosure as soon as practicable after the disclosure.
- f. A fire investigator shall be provided a copy of a student's attendance record if the fire investigator certifies in writing that: (1) the student is under investigation for arson, (2) the student's attendance record is necessary for the fire investigator to pursue their investigation, and (3) the fire investigator will use and further disclose the student's attendance record only for the purpose of pursuing that investigation.
- g. Student records shall be made available to school officials who have been determined by the Board to have legitimate educational interests, including safety interests, in such records. A "school official" is a person employed by the District who is required by the Department of Public Instruction (DPI) to hold a license; a person who is employed by or working on behalf of the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and police-school liaison personnel); a person serving on the Board; a person or company with whom the District has contracted to perform a specific

task (such as an attorney, auditor, medical consultant, or therapist); or a family member or student serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review a student record in order to fulfill their professional or District responsibility.

- i. If law enforcement record information obtained by the District relates to a District student, the information shall also be disclosed to those District employees who have been designated by the Board to receive that information for the purpose of providing treatment programs for District students. The information may not be used as the sole basis for suspending or expelling a student from school or as the sole basis for taking any other disciplinary action against a student, including action under the District's athletic code.
 - ii. Court records obtained by the District must be disclosed to District employees who work directly with the juvenile named in the records or who have been determined by the Board to have legitimate educational interests, including safety interests, in the information. An employee cannot further disclose the information, and the information cannot be used as the sole basis for suspending or expelling a student from school.
- h. Upon the written permission of an adult student or the family of a minor student, the school shall make available to the person named in the permission form the student's progress records or such portion of their behavioral records as determined by the person authorizing the release. Law enforcement records may not be made available under this exception unless specifically identified by the adult student or by the family of a minor student in the written request.
- i. Student records shall be provided to a court in response to a subpoena by parties to an action for in camera inspection, to be used only for purposes of impeachment of any witness who has testified in the action. The court may turn said records, or parts thereof, over to parties in the action or their attorneys if said records would be relevant and material to a witness's credibility or competency. The District shall make a reasonable effort to notify the family or adult student of the subpoena in advance of compliance therewith, except when otherwise provided by law.
- j. The District may provide the DPI or any public officer with information required under Chapters 115 to 121 of the state statutes. Upon request, the Board shall provide the DPI with any student record information that relates to an audit or evaluation of a federal or state-supported program or that is required to determine compliance with state law provisions.
- k. Notwithstanding their confidential status, student records may be used in suspension and expulsion proceedings and by an IEP team in accordance with state and federal law.

- l. Information from a student's immunization records shall be made available to state and local health officials to carry out immunization requirements.
 - m. Upon request, the Board Clerk shall provide the names of students who have withdrawn from school prior to graduation to the technical college district board in which the public school is located or, for verification of eligibility for public assistance, to the Department of Health and Family Services, the Department of Workforce Development or a county department under sections 46.215, 46.22 or 46.23 of the state statutes.
 - n. A student's records shall be disclosed in compliance with a court order under Wisconsin's delinquency statutes after a reasonable effort has been made to notify the student's family.
 - o. In response to a court order, the District shall provide to the court the names of all persons known by the District to be dropouts and who reside within the county in which the circuit court or the municipality court is located.
 - p. Annually, on or before August 15, the District shall report to the appropriate community services boards established under sections 51.42 and 51.437 the names of students who reside in the District, who are 15 years of age or older, who are not expected from the date of the report and who may require services under sections 51.42 or 51.437 (community mental health, development disabilities, alcoholism and drug abuse).
 - q. Personally identifiable information (PII) from the student records of an adult student may be disclosed to the family of the adult student without the written consent of the adult student if the adult student is a dependent of their family for tax purposes (under the Federal Internal Revenue Code, 26 USC). This may be done unless the adult student has informed the school, in writing, that the information may not be disclosed.
 - r. The District shall, upon request, provide student disciplinary records necessary for purposes of student enrollment in another public-school district as permitted by law. These records may include:
 - i. A copy of any expulsion findings and order or records of any pending disciplinary proceedings involving the student;
 - ii. A written explanation of the reasons for the expulsion or pending disciplinary proceedings; and
 - iii. The length of the term of the expulsion or the possible outcomes of the pending disciplinary proceedings.
2. Access to Directory Data: Except as otherwise provided below, directory data may be disclosed to any person after the school has: (a) notified the family or guardian ad litem of the categories of information which it has designated as directory data with respect to each student, (b) informed such persons that they have 14 days to inform the school that all or any part of the directory data may not be released without their prior consent, and (c) allowed 14 days for such persons to inform the school, in writing, of all the directory data items they refuse to permit the District to designate as directory data about that

student. At the end of this two-week period, each student's records will be appropriately marked by the records custodian(s) to indicate items the District will designate as directory data about the student. This designation will remain in effect until it is modified by the family, guardian ad litem, or the adult student by logging into Family Access and updating preferences or completing a new Opt-Out Form.

- a. If the District has followed the notification procedure outlined above, and the family or adult student do not object to the directory data being released, the Board Clerk shall, upon request, provide the name and address of each student expected to graduate from high school in the current school year to the technical college district board.
 - b. If the District has followed the notification procedure outlined above, and the family or adult student do not object to the directory data being released, the Board Clerk shall, upon request, provide any representative of a law enforcement agency, city attorney, district attorney or corporation counsel, county department under sections 46.215, 46.22 or 46.23, a court of record or municipal court with such directory data information relating to any such student enrolled in the District for the purpose of enforcing that student's school attendance, to respond to a health or safety emergency, or to aid in the investigation of alleged criminal or delinquent activity by a student enrolled in the District.
 - c. If the District has followed the notification procedure outlined above, and the family or adult student do not object to the directory data being released, the Board Clerk shall, upon request, provide names, addresses, and telephone listings to military recruiters in accordance with Section 9528 of the ESEA (20 U.S.C. 7908) and 10 U.S.C. 503.
3. Access to Patient Health Care Record - All student patient health care records shall remain confidential. They may be released only to persons specifically designated in state law or to other persons with the informed consent of the patient or a person authorized by the patient. Student patient health care records maintained by the District may only be released without informed consent to a District employee or agent if any of the following apply:
- a. The employee or agent has responsibility for the preparation or storage of patient health care records.
 - b. Access to patient health care records is necessary to comply with a requirement in federal or state law. Any record that concerns the results of a test for the presence of HIV or antibody to HIV (the virus which causes acquired immunodeficiency syndrome-AIDS) shall be confidential and may be disclosed only with the informed written consent of the test subject.

Records Maintenance/Disclosure

1. While students are attending school, their records will be maintained in the school of attendance. Upon transfer of the student to another school operated by the District, the records shall be transferred to that school. When the student ceases to be enrolled in a school operated by the District, their records will be transferred to the central administrative office. Patient health care

records and law enforcement records shall be maintained separately from a student's other records.

2. The building principal shall have primary responsibility for maintaining the confidentiality of all student records kept at that school. All requests for inspection or for transfer to another school or school district should be directed to the building principal who will determine whether inspection or transfer is permitted under state and federal law and these guidelines. The building principal, or their qualified designee, shall be present to interpret behavioral records when inspection is made under "Access to Directory Data" above. Upon transfer of student records to the central administrative office, the District administrator or their qualified designee shall assume these duties.
3. A record of each request for access to, and each disclosure of, personally identifiable information from the education records of a student shall be maintained with such student's records, except when the request is from, or the disclosure is to, the following person/party:
 - a. the family or adult student;
 - b. a school official;
 - c. a party with written consent from the family or adult student;
 - d. a party seeking directory data; or
 - e. a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or other issuing agency has ordered that the existence or the contents of the subpoena or the information in response to the subpoena not be disclosed.
4. A person's homeless status:
 - a. should not be on a student's permanent record;
 - b. should be removed from a student's temporary records once the homeless status is lifted; and
 - c. should be automatically removed from all District records every academic year.

Transfer of Records

Student records relating to a specific student shall be transferred to another school or school district upon receipt of written notice from:

1. An adult student, or the family of a minor student, that the student intends to enroll in the other school or school district;
2. Another school or school district that the student has enrolled; or
3. A court that a student has been placed in a juvenile correctional facility or secured child caring institution.

Amendments of Records

1. Families or adult students who believe that information contained in the student's records is inaccurate, misleading, or otherwise in violation of the

student's rights of privacy may request the District to amend the records. Such request shall be addressed in writing to the school official having custody of the records. Within a reasonable time after receiving the request, the District shall decide whether to amend the records in accordance with the request and inform the family or adult student of the decision.

2. If the District refuses to amend the records, it shall inform the family or adult student of the refusal and advise them of the right to a hearing before the Board. The request for the hearing shall be filed in writing with the District administrator. The family or adult student shall be given notice of the date, place, and time of the hearing reasonably in advance of the hearing.
 - a. The Board President shall conduct the hearing. They shall designate two other Board members to serve with them on the hearing panel.
 - b. The family or adult student shall be afforded the opportunity to present relevant evidence and may be assisted or represented by individuals of their choice at their own expense, including an attorney.
 - c. The decision of the hearing panel shall be based solely upon the evidence presented and shall include a summary of the evidence and the reason for the decision.
 - d. The hearing shall be held and the family or adult student informed of the hearing panel's decision in writing within a reasonable period of time after the hearing.
 - e. If the hearing panel decides that the information is inaccurate, misleading, or otherwise in violation of the student's privacy rights, the education records of the student shall be amended accordingly.
 - f. If the hearing panel decides that the information is not inaccurate, misleading or otherwise in violation of the student's privacy rights, the District shall inform the family or adult student of the right to place a statement commenting upon the information in the education records and/or describing reasons for disagreeing with the decision of the hearing panel.

Records Retention

Records that are transferred to the Administration Building when the student ceases to be enrolled shall be maintained as follows:

1. All behavioral records will be destroyed one year after the date the student graduates from, or last attends, a school in the District unless the student, or the family of a minor student, gives permission that the records may be maintained for a longer period of time. Where such written permission is received, behavioral records shall be maintained for the time period specified in the written permission or, if no such time period is noted, for as long as the District's needs require.
2. Student progress records shall be retained permanently after the student ceases to be enrolled in the District.
3. The District shall not destroy any educational records of a student if there is an outstanding request to inspect and review them.

Complaints Regarding Alleged Noncompliance With Federal Requirements

Adult students or families of minor students may file a complaint with the Family Policy Compliance Office of the U.S. Department of Education for alleged district noncompliance with requirements of the federal Family Educational Rights and Privacy Act (FERPA).

Annual Notice

Families and adult students shall be notified annually of the following: (a) the content of student records maintained by the District and the time during which they will be maintained; (b) their rights to inspect, review, and obtain copies of student records; (c) their rights to request the amendment of the student's school records if they believe the records are inaccurate or misleading; (d) their rights to consent to the disclosure of the student's school records, except to the extent state and federal law authorizes disclosure without consent; (e) the categories of student record information which have been designated as directory data and their right to deny the release of such information; and, (f) their right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education. The notice shall be published in the official newspaper and distributed to families and adult students within the first three weeks of each school year.

When a student transfers into the District after the above notice has been given, the student and their family shall receive a copy of the notice at the time and place of enrollment.

Student Directory Data

In accordance with the District's designation and written notice of student directory data, the District may disclose a student's directory data to any person unless the student's family (or adult student, if applicable) has notified the District that any or all of the student's directory data shall not be disclosed. Families can log into Family Access and update preferences or complete an Opt-Out Form if they wish to prohibit release of the student's directory data. If an appropriate party exercises a valid opt-out under this policy, then the District shall not disclose the directory data covered by the opt-out decision unless: (1) an appropriate party provides advance written consent for the disclosure; or (2) the District determines that there is a separate and otherwise applicable exception to the confidentiality of the records that permits or requires such disclosure.

The District designates the following data elements from student records as "directory data":

- Student's name
- Recorded images of the student that are not being maintained by the District for a separate purpose as a behavioral record
- Student's school/grade level
- Degrees and awards received by the student
- Student's participation in officially recognized activities and sports

- Weight and height of members of athletic teams
- The name of the school most recently/previously attended by the student

The District's designation and use of directory data is further defined and limited as follows:

1. Pursuant to a state law requirement, unless the student's parents or guardians (or adult student, if applicable) has notified the District of their objection to such a disclosure of the student's directory data, the District shall, upon request, provide any representative of a law enforcement agency, city attorney, district attorney or corporation counsel, county department under section 46.215, 46.22 or 46.23, a court of record or municipal court with such directory data information relating to any such student enrolled in the School District for the purpose of enforcing that student's school attendance, to respond to a health or safety emergency, or to aid in the investigation of alleged criminal or delinquent activity by a student enrolled in the District.
2. Although a student's address and telephone number are not designated as student directory data under this District policy, the District is nonetheless required by law to release a high school student's name, home address and telephone number to military recruiters and institutions of higher education, upon their request, unless the student or the student's parents or guardians, as applicable, have notified the District that such information shall not be released without prior written consent. The District shall notify adult students and parents and guardians of high school students under the age of 18 of their right to opt-out of such disclosures. Requests for student contact information under this paragraph include requests from any technical college district for the contact information of students who may be graduating from high school in the current school year.

Directory Data Notice & Opt-Out Decisions

Upon a student's initial enrollment and registration in the District, upon re-enrollment following a gap in enrollment, and annually thereafter for continuing students, the District shall provide parents, guardians and adult students with notice of the District's designation of student directory data, opt-out rights, and opt-out procedures. The notice shall be provided via publication in the Family/Student Handbook & Directory, the District's Back-to-School Newsletter, and shall also be made available through the District website.

Parents and guardians of students who are newly enrolled or re-enrolling after a gap in enrollment (or an enrolling or re-enrolling adult student, if applicable) shall be provided with a copy of the District's directory data notice and shall have 14 days to inform the school, in writing, that all or any part of the student's directory data may not be released without prior consent. During any such 14-day period, the District shall avoid the release of student directory data under this policy. Annually, the District also administers a 14-day non-disclosure period coinciding with the beginning of each school year. During this annual period, the parents or guardians of a continuing student (or an adult continuing student) may make or adjust directory data opt-out decisions.

Regarding decisions to opt-out from the school's disclosure of all or any part of the directory data under this policy:

1. Using procedures established by the administration, parents or guardians (or adult students, if applicable) may make, modify, or withdraw an opt-out decision regarding directory data at any time, but should allow for a reasonable period of time for such a decision to be processed.
2. Unless the District issues notice to parents, guardians, or an adult student stating that a new opt-out decision is required (in which case a 14-day non-disclosure period shall again apply), an opt-out decision from the disclosure of directory data under this policy shall remain in effect until it is modified or withdrawn by an appropriate party.

Rights Related to Education Records

The Family Educational Rights and Privacy Act (FERPA), the Individuals with Disabilities Education Act (IDEA), and Section 118.125, Wisconsin Statutes, afford parents and students over 18 years of age ("eligible students") the following rights with respect to education records:

1. The right to inspect and review the student's education records within 45 days of receipt of the request. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. The School District will comply with the request without unnecessary delay and before any meeting about an individualized education program, or any due process hearing, and in no case more than 45 days after the request has been made. If any record includes information on more than one child, the parents of those children have the right to inspect and review only the information about their child or to be informed of that specific information. Upon request, the School District will give a parent or eligible student a copy of the progress records and a copy of the behavioral records. Upon request, the School District will give the parent or eligible student a list of the types and locations of education records collected, maintained, or used by the District for special education. The School District will respond to reasonable requests for explanations and interpretations of the records. A representative of the parent may inspect and review the records.
2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record, the District will notify the parent or eligible student of the decision and the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information in the student's education records, except to the extent that federal and state law authorizes disclosure without consent. The exceptions are stated in 34 CFR 99.31, Family Educational Rights and Privacy Act regulations; Sec. 9528, PL107-110, No Child Left Behind Act of 2001; and Section 118.125(2)(a) to (m) and sub. (2m), Wisconsin Statutes. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. Also, the District discloses "directory data" without consent, unless the parent notifies the District that it may not be released without prior parental consent.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-4605.

SPECIAL EDUCATION

Full Educational Opportunity Goal

It is the goal of the ECASD to provide full educational opportunity to all children with disabilities in the area served by the ECASD. The ECASD has available to all of its children with disabilities the variety of educational programs and services available to nondisabled children in the ECASD, including art, music, Family and Consumer Science, Career and Technical Education, or any program or activity in which nondisabled children participate. The ECASD provides supplementary aids and services determined appropriate and necessary by the child's IEP Team to ensure that children with disabilities have an equal opportunity to participate in nonacademic and extracurricular services and activities.

Free Appropriate Public Education

All children with disabilities for whom the ECASD is responsible are provided a free appropriate public education. Special education and related services are provided to these children with disabilities, including, as required by 34 CFR § 300.530(d), children with disabilities who have been suspended or expelled from school. Children with disabilities entitled to a free appropriate public education are children age three, but not yet 21, who have not graduated from high school with a regular high school diploma and, for the duration of a school term, persons who become 21 years old during that school term and who have not graduated from high school with a regular diploma. A regular high school diploma does not include an alternative degree that is not fully aligned with the State's academic standards, such as a certificate or a general educational development credential (GED). The special education and related services provided to children addresses all of their special education and related services needs and are provided by personnel qualified as required by 34 CFR § 300.156.

Child Find Activity: Confidentiality of Personally Identifiable Information

The ECASD is required to locate, identify, and evaluate all children with disabilities, including children with disabilities attending private schools in the School District, and homeless children. The process of locating, identifying, and evaluating children with disabilities is known as Child Find. This agency conducts child find activities each year. This notice informs families of the records the School District will develop and maintain as part of its child find activities. This notice also informs families of their rights regarding any records developed.

The School District gathers personally identifiable information on any child who participates in child find activities. Families, teachers, and other professionals provide information to the school related to the child's academic performance, behavior, and health. This information is used to determine whether the child needs special education services. Personally identifiable information directly related to a child and maintained by the school is a student record. Student records include records maintained in any way including, but not limited to, computer

storage media, video and audiotape, film, microfilm, and microfiche. Records maintained for personal use by a teacher and not available to others and records available only to persons involved in the psychological treatment of a child are not student records. (See definition of student records and FERPA Guidelines included in this handbook.)

Annual Notice of Special Education Referral & Evaluation Procedures

1. Upon request, the ECASD is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the District receives a referral, the District will appoint an Individualized Education Program (IEP) team to determine if the child has a disability and if the child needs special education services. The District locates, identifies, and evaluates all children with disabilities who are enrolled by their families in private (including religious) schools, elementary schools, and secondary schools located in the School District.
2. A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to them for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the School District in which the child resides. Before referring the child, the person making the referral must inform the child's family that the referral will be made.
3. Others, including families, who reasonably believe a child is a child with a disability, may also refer the child, including a homeless child, to the School District in which the child resides.
4. Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting your child's principal or Dana McConnell, Director of Special Education, at dmcconnell1@ecasd.us.

INSTRUCTION

Early College Credit Program

The ECASD shall offer to high school students who meet eligibility requirements to enroll in one or more courses at an institution of higher education that is physically located within the State of Wisconsin through the Early College Credit Program.

The Early College Credit Program allows a student to earn post-secondary credit while in high school. Programming for Early College Credit is provided by an institution of higher education (university).

The Director of Post-Secondary Readiness shall be responsible for determining whether the District will approve individual applications and pay for specific courses based on the criteria established in state law and District policy.

To enroll in the Early College Credit Program a student must:

- Be a high school student in good academic standing.
- Complete an application for admission to the institution of higher education by March 1 for fall enrollment, February 1 for summer, and October 1 for enrollment in the spring semester.
- Enroll in a course that is not comparable to a course offered in the District. If the student or family chooses to enroll in a course that is comparable to what is currently offered within the District, the student/family shall assume the cost for the course taken at the university.

If a student disagrees with a District decision regarding comparability of courses, satisfaction of high school graduation requirements, or the number of high school credits to be awarded for a course, the student may appeal the District's decision to the State Superintendent of Public Instruction within 30 days after the decision.

The District shall cover 75% of the cost of a course taken that is not comparable to what the District offers. Families may be charged for 25% of the course. If the student does not receive a passing grade for the course, the family may assume responsibility for reimbursing the District for the total cost of the course. If the student/family does not reimburse the District for the course that the student failed, the student may be ineligible for any further participation in the Early College Credit Program. The District shall pay for up to 18 university credits total between Early College Credit Program and Start College Now (see below) for each student. The student/family will assume responsibility for any needed transportation for this program.

Equal Educational Opportunity

The ECASD provides equal educational opportunities for all students regardless of sex; race; religion; color; national origin; ancestry; immigration status; creed; pregnancy; marital or parental status; sexual orientation; gender identity or gender expression; or physical, mental, emotional, or learning disability.

Technical College Course Program (Start College Now Program)

The ECASD shall offer to high school students who meet eligibility requirements to enroll in one or more courses at a technical college that is physically located within the State of Wisconsin through the Technical College Course Program (Start College Now Program).

The Start College Now Program allows a student to earn post-secondary credit while in high school. Programming for the Start College Now Program is provided by technical colleges in Wisconsin.

The Director of Post-Secondary Readiness shall be responsible for determining whether the District will approve individual applications and pay for specific courses based on the criteria established in State law and District policy.

To enroll in the Start College Now Program a student must:

- Be a junior or a senior in good academic standing.
- Complete an application for admission to the technical college by March 1 for fall enrollment and November 1 for enrollment in the spring semester.
- Enroll in a course that is not comparable to a course offered in the District. If the student or family chooses to enroll in a course that is comparable to what is currently offered within the District, the student/family shall assume the cost for the course taken at the technical college.

If a student disagrees with a District decision regarding comparability of courses, satisfaction of high school graduation requirements, or the number of high school credits to be awarded for a course, the student may appeal the District's decision to the State Superintendent of Public Instruction within 30 days after the decision.

The District shall cover the tuition, fees, and materials associated with a course taken through the Start College Now Program. If the student does not receive a passing grade for the course, the family will assume responsibility for reimbursing the District for the total cost of the course. If the student/family does not reimburse the District for the course that the student failed, the student will be ineligible for any further participation in the Start College Now Program. The District shall pay for up to 18 technical college credits total between Start College Now and Early College Credit Program (see above) for each student.

The student/family will assume responsibility for any needed transportation for this program.

Testing & Assessments in the Secondary Schools

Re-assessments allow students to master academic learning standards that they may not have mastered on their first attempt. Students in ECASD secondary schools may earn the opportunity to be re-assessed based on the following guidelines.

1. Assessments will be used as evidence of achievement of standards for the subject.
2. The academic grade will reflect the highest performance for a student's achievement of standards for the subject.
3. Students will have the opportunity for re-assessments by developing a corrective learning plan, in collaboration with their teacher, for improving achievement that includes instruction and practice.
4. Report card grades will be issued at the end of each marking period. A grade of insufficient evidence (I = Incomplete) will stand until enough evidence has been provided to evaluate the standard(s), or two weeks have passed.

Buildings and their individual departments determine the time frame allowed for re-assessments and corrective learning plan expectations. Families with specific questions regarding re-assessments should contact their child's principal.

TRANSPORTATION

Bus transportation is provided to PreK-5 students living more than a mile from their neighborhood school and students in grades 6-12 living more than two miles from school.

Guidelines for Student Transportation

School buses are the extension of the school. The bus driver, like the teacher in a school classroom, has the responsibility for the safety and welfare of the students. Because students' behavior on the school bus directly affects their safety and the safety of others, the following regulations apply at all times when students are riding the school bus, including school field trips.

1. Parents should contact the Student Transit routing department for route or bus stop changes.
2. Students shall follow the instructions and directions of the bus driver at all times.
3. Please have students arrive at the bus stop five minutes before their scheduled time.
4. Students will wait until the bus comes to a complete stop before attempting to board.
5. During boarding or exiting from the bus, students will walk and not run.
6. Once seated, students will remain seated while the bus is in motion and will not obstruct the aisles with legs, feet, or other objects.
7. Students will be courteous to the driver and fellow passengers. Students who have not already been assigned to a seat by the driver, will be allowed to sit in any available seat on the bus.
8. Bullying, teasing, threatening, or harassing are hurtful and will not be tolerated.
9. To reduce the risk of allergic reactions and choking, eating or drinking on the bus is strongly discouraged.
10. Loud talking, laughing, yelling, singing, whistling, throwing of objects, standing or changing seats are prohibited. Serious safety hazards can result from noise and behavior that distracts the driver.
11. Students will keep hands, arms, legs, and head inside the bus at all times.
12. Students shall not throw objects from the bus.
13. Students will keep the bus clean and be respectful of bus company property. Students and/or families of students who damage or deface the bus or bus equipment could be responsible for payment of any repairs/damage.
14. The bus company is not responsible for lost items.

15. Use of cigarettes, e-cigarettes, vapes, chewing tobacco, alcohol, or illegal drugs is prohibited by law.
16. Possession of flame or spark producing devices, including matches, lighters, etc. are prohibited.
17. Aggressive and/or physical conduct such as hitting, punching, fighting, and inappropriate touch are unacceptable behaviors and will not be tolerated.
18. Possession of weapons such as knives, chains, guns, or any other dangerous item(s) including laser pointers that can inflict injury are prohibited.

Student Transit may utilize video surveillance on buses to ensure student safety.

Violation of any of the above listed regulations will result in disciplinary action. Students who do not follow these guidelines can be suspended from riding the school bus.

If actions result in the student or students needing to be removed from the school bus immediately, local law enforcement could be called to assist in removing the student(s) from the bus. The student(s) will be released to their family by the assisting agency.

Students are assigned to a specific bus to and from school. Families must request in writing any exception from this rule. Students

will not be allowed on or off the bus at a place other than their regular stop unless the bus driver is presented with a written family request.

Families and students are encouraged to contact Student Transit or the respective school official regarding any problems with school bus transportation. Students are encouraged to discuss issues with their bus driver (during appropriate times), the principal, counselor, teacher, family member, or any appropriate adult. To ensure safe transportation for all involved, it is imperative that the students, families, school officials, bus driver, and the bus company work cooperatively together to solve any problems that may arise.

BUILDINGS & GROUNDS

Asbestos Management Plans

The Asbestos Hazard Emergency Response Act (AHERA) requires public and private schools to inspect and prepare management plans for every building owned or leased by the school system. The Eau Claire Area School District (ECASD) is in compliance with this requirement. A periodic surveillance is done every six months and a re-inspection is completed every three years to assess the condition of the asbestos-containing material. The District provides an ongoing operations and maintenance program for all asbestos-containing material in the school system, as required by AHERA.

All operations and maintenance programs are conducted by State of Wisconsin certified asbestos workers. Before any response actions such as a removal take place, building occupants will be notified. To review the asbestos management plans or to ask questions, contact the ECASD Service Center at (715) 852-3150.

Lead Paint Monitoring

All or portions of many facilities owned or used by the ECASD may have been constructed using lead paint. The lead painted surfaces in these facilities are monitored and maintained in accordance with the federal EPA's rules and regulations (Rule-40 CFR 745). In addition, maintenance and removal of lead paint is conducted on a continuing basis throughout the District. The leaded dust generated by traditional renovation work can cause lead poisoning in children. It can also poison pregnant women, other adults, workers, and even pets. The Federal government has published a brochure to assist the public in understanding the dangers of lead paint. A link to that brochure can be found on the District's website under the Buildings and Grounds' Health and Safety link.

Peak Energy Control System

In an effort to save money, the ECASD will again be participating in the Peak Energy Rate Program through Xcel Energy. The Peak Control Rate (PCR) is an alternative electric rate for customers who are able to shed load during Xcel Energy peaks. PCR customers agree to shed load to predetermined demand levels during peak demand times. The risk of the program is that it may affect the school day by needing to close school early.

The District will handle an energy shut-down similar to closing school early for inclement weather. The news media will be contacted immediately to report the early closing. As with snow days, families should have alternate arrangements made for students on days when the District closes early.

FUN FACTS

- ECASD has an enrollment of over 11,000 students and is the 8th largest school district in the state of Wisconsin. It covers approximately 200 square miles. The District has 12 elementary schools, 17 early learning sites, 3 middle schools, 3 charter schools, and 2 high schools. ECASD employs over 1,500 staff and is the third largest employer in Eau Claire.
- ECASD has been a continuous district since 1889 and has been recognized by the Eau Claire Chamber of Commerce as being in business for over 100 years.
- ECASD teachers have an average of 13.09 years of experience and 55% have a Master's Degree or Doctorate.
- ECASD ranks third in the state of Wisconsin for the number of educators who have achieved National Board Certification through the National Board for Professional Teaching Standards.
- During the 2022-2023 school year, we welcomed students and families who spoke more than 30 different languages.
- Our high schools offer more than 50 club activities and more than 25 athletic activities each school year. Our elementary and middle schools also provide many extracurricular activities for students.
- In partnership with Chippewa Valley Technical College, our high school students have the opportunity to earn an associate degree in certain fields along with their high school diploma.
- The ECASD Family Advisory Council fosters communication between families and administration and features representatives from every school.
- The Eau Claire Public Schools Foundation, the charitable partner of the ECASD, granted \$168,823 to our schools and classrooms this past school year.
- ECASD served 877,051 lunches and 274,281 breakfasts to students and adults in the District last year.
- Student Transit transports roughly 7,000 riders to and from school each day covering over 1.5 million miles per school year.
- The ECASD Early Learning Program has been recognized by the National School Boards Association as an exemplary pre-school model.
