# NHS HIGHLIGHTS

The class of 1998 gathered together in August for their 25 year reunion!

Students from Pre-Calculus were given weighted Slinkies and asked to observe the oscillations when it was dropped. They formulated questions, then gathered data to answer their questions. The activity also highlighted the importance of team work, effective math conversations, and problem solving.

### What should I know?

Children's mental health is important. Students who miss just 2 days of school a month tend to be more stressed and anxious. Help lower student stress by encouraging attendance when students are feeling well.

## SCHOOL BREAKFAST 7:00am - 7:30am

One of the best tools that we can use to help all students succeed is to make sure they eat a healthy and nutritious breakfast. If breakfast at home is not convenient, please take advantage of breakfast at school. Studies have shown that students who eat breakfast:

- ✓ Perform better in school
- ✓ Are less likely to be overweight
- ✓ Are tardy less often
- ✓ Have fewer behavior problems
- ✓ Are more attentive in class
- ✓ Have decreased absences
