

SECOND GRADE
At-Home Learning Check List
Week of April 27-May 1

Dear Families,

Below is this week’s at-home learning activities for your child. As a district we have recommended **150 minutes of learning activities per week** broken down into reading/writing, math and MAPE (music, art and physical education). If you find that you are looking for additional activities and/or resources to do with your child during the week, below are **Bonus Activities** that you may find useful as well. Don’t forget to check out this week’s reading strategy review video, as well.

Just for fun, we want to start some weekly brain teasers to liven up your time at home. These are meant to be lighthearted and bring some laughter to your day, knowing families are working hard to make everything work in these challenging times. The answer to the riddle will be posted in next week’s communication, along with a new riddle. We hope you enjoy it!

This week’s riddle teaser is:

A girl fell off a twenty-foot ladder. She wasn’t hurt. Why?

If you have any questions, please feel free to reach out to your child’s teachers; **Dee Ann Fritz**, dfritz@ecasd.us, **Ann Shuda** ashuda@ecasd.us, **Heather Raymond** hraymond@ecasd.us, **Kelly Fritz** kfritz@ecasd.us.

Sincerely,

Second Grade Team
