

SECOND GRADE
At-Home Learning Check List
Week of May 25-29

Dear Families,

Below you will find the at-home learning activities for your child. Just like last week, you will find a weekly schedule of **reading/writing, math and MAPE (music, art and physical education)** activities that connect to the district’s recommended **150 minutes of learning per week**. We have again included *additional* activities and/or resources you can do with your child during the week, in the **Bonus Activities** section. Don’t forget to check out this week’s reading AND math strategy review videos, as well.

Last week’s riddle was:

What is full of holes, but still holds water?

(ANSWER: A sponge! 😊)

This week’s lighthearted and fun brain teaser is:

When things go wrong, what can you always count on?

As always, if you have any questions, please feel free to reach out to your child’s teachers: **Dee Ann Fritz** dfritz@ecasd.us, **Ann Shuda** ashuda@ecasd.us, **Heather Raymond** hraymond@ecasd.us, and **Kelly Fritz** kfritz@ecasd.us

Sincerely,
 Second Grade Team
