

SECOND GRADE
At-Home Learning Check List
Week of May 4-8

Dear Families,

Below is this week’s at-home learning activities for your child. As a district we have recommended **150 minutes of learning activities per week** broken down into reading/writing, math and MAPE (music, art and physical education). We have again included *additional* activities and/or resources you can do with your child during the week, in the **Bonus Activities** section. Don’t forget to check out this week’s reading strategy review video, as well.

Last week’s riddle was:

A girl fell off a twenty-foot ladder. She wasn’t hurt. Why? (ANSWER: She fell off the bottom step of the ladder! 😊)

This week’s lighthearted and fun brain teaser is:

Grandpa went out for a walk and it started to rain. He didn’t bring an umbrella or hat. His clothes got soaked, but not a hair on his head was wet.
 How is this possible?

If you have any questions, please feel free to reach out to your child’s teachers; **Dee Ann Fritz**, dfritz@ecasd.us, **Ann Shuda** ashuda@ecasd.us, **Heather Raymond** hraymond@ecasd.us, **Kelly Fritz** kfritz@ecasd.us.

Sincerely,

Second Grade Team
