

KINDERGARTEN

At-Home Learning Check List

Week of April 27- May 1

Dear Families,

Below is this week’s at-home learning activities for your child. Please click on the *At Home Learning Link* to find daily activities. As a district we have recommended that kindergartners work for **3-5 minutes at a time**. These activities will be broken down into writing, reading/phonological awareness/phonics, math, MAPE (music, art and physical education), and guidance. If you find that you are looking for additional activities and/or resources to do with your child during the week, below are **Bonus Activities** that you may find useful as well.

If you have any questions, please feel free to reach out to your child’s teacher, **Janessa Derleth** (jderleth@ecasd.us), **Chrissy Gerl** (cgerl@ecasd.us), **Brianna Koleski** (bkoleski@ecasd.us), **Dawn Marcott** (dmarcott@ecasd.us), **Allie Reynolds** (areynolds@ecasd.us), **Mariah Seyer** (mseyer@ecasd.us).

Sincerely,
Kindergarten Team

Week of April 27- May 1

BONUS ACTIVITIES

Reading	Writing	Mathematics	Connections to Science and Social Studies	Health & Social/Emotional Learning
<p>Read a book!</p> <p>Listen to a Story Sora by Overdrive Listen to books through the Sora app on a tablet or phone. Ask your child’s teacher if you need assistance logging into your child’s accounts.</p> <p>Tumblebooks You can also listen to books through Tumblebooks. Click on the link above and scroll to the bottom of the school page to find it.</p>	<p>Additional Writing Prompts: If you could only keep one toy, what would it be? Why would you keep that one?</p> <p>Pretend there is no such thing as television, internet, or video games. What would you do with all your time?</p>	<p>Greater, Less Than, or Equal Game First, find a deck of cards and use the numbers 1-10 (using the Ace for 1). You can also do this with UNO cards using the numbers 1-9. Then, find 3 plastic cups or containers and label them with “Greater”, “Less”, and “Equal”. To play, pick up two cards, and decide which is greater and which is less and put them in the corresponding cups. If they are both the same, put them both in the equal cup. Play until you’ve gone through all the cards. At the end, you can have your child practice counting and seeing which cup had the most and which had the least.</p>	<p style="text-align: center;">“How-To” Make a Rainbow Jar</p> <p style="text-align: center;">Rainbow in a Jar Video</p> <p>What you’ll need: Tall container Honey Blue dish soap Olive oil Water Rubbing Alcohol Food coloring Dropper</p> <div style="text-align: center;">  </div>	<p>Listen to the story The Way I Feel and draw a picture of how you feel today. Think about the different colors you could use to express how you feel.</p> <div style="text-align: center;">  </div>
