**Tuesday - begin sawing on perimeter of pendant/safety with drill press for piercing**

**Wednesday - saw/pierce**

**Thursday - saw/pierce - filing demonstration**

**Friday - saw/pierce/file pendants**

## **Reading, Ms. Lehmann**

This week we will have two quizzes - Tuesday on weeks 1-7 vowel patterns in words and Wednesday's will be on author's purpose and text structure.

We see that kids who read outside of class are raising their reading levels more quickly and having more gains on STAR testing. It really works! Encourage your child to read and talk with you about the book.

**\*Homework will be TO STUDY! Thank you!**

**Ms. Lehmann's Math Resource:** Students need to practice their **math facts** as often as possible! It's not a homework assignment, but any time you can encourage your child to work on it will be helpful! Most are on multiplication (used a LOT in 7th grade math) but addition and subtraction need to be very automatic. When multiplication is fluent, go on to division!

Practice in the car, have a contest, challenge each other!

Thank you!

## **Mrs. Salazar Spanish 7th**

Monday -

Tuesday -

Wednesday-

Thursday -

Friday -

### **Band 7 - Mr. Boll**

- Week 7-8 Practice Charts (pink or white paper) are due this week.
