

All about the /G/ sound

- \rightarrow The /g/ is a gargling sound made in the back of the mouth by lifting up the back of our tongue.
- \rightarrow Some children can say the /g/ at the end of words before they can say the /g/ at the beginning of words.

Some common errors for the /G/ sound

 \rightarrow Some children use a /d/ for /g/ ("dod" for "dog")

A wareness activities to develop a child's recognition of the /G/ sound in everyday conversations

- \rightarrow Emphasize the /G/ sound in your speech.
 - Example: Adult: "Sit on the rug. Hey, "rug" has a /g/ sound. Listen, "Rug."

For older children, provide the sound's name too: "Rug ends with /g/."

→ Emphasize /G/ words within the child's speech. Example: Child: "A bud." Adult: "A bug? Look at that bug. That is a big bug."

${f C}$ ue child's production of /G/ using corrective feedback strategies in everyday conversations

Child says: "bad" (for bag)

Adult responds with a strategy that best fits the moment:

Provide a good Model of the /G/ by saying the word again slowly and clearly: "Bag." Provide a Visual Cue: Point to your neck and emphasize the /g/ sound as you say "Bag." Provide a Verbal Cue: "Listen to the /g/ sound. Bag. I use the back of my mouth to make a /g/." Provide Feedback: "I saw the tip of your tongue when you made the /ggg/ sound." Use a Communication Breakdown technique: "Do you mean "bad" or "bag?"

Larget Sound Practice designed to give children many opportunities to say the /G/ correctly

Learning speech sounds takes practice. The speech/language pathologist will assign one targeted speech sound for the child to work on each week. Find a quiet, consistent time each day to practice with the child.

Activity One: Awareness Activities for /G/ before Target Sound Practice

 \rightarrow Use the Listening List (below) to heighten awareness of the /G/ before target sound practice sessions.

Activity Two: Target Sound Practice for /G/ with words and picture cards

→ Use the Target Sound Picture Cards (next page) and activities to give the child many opportunities to practice saying the /G/ sound correctly in words. Provide the child with feedback on how he/she is doing as they practice (e.g. "Great Job!", "That was close, say it again after me.")

Cueing strategies to get correct production of /G/ during Target Sound Practice

Child says: "lod" (for log)

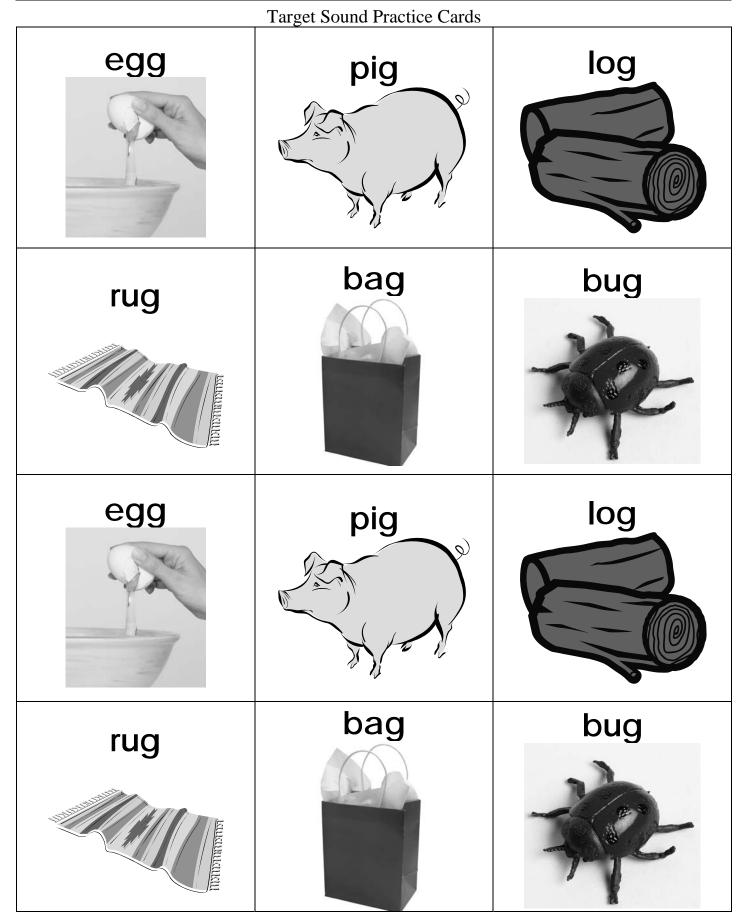

- \rightarrow Say, "Let's try that again. "Log."
- \rightarrow Point to your mouth. Say "Watch me. Log."
- \rightarrow Put your fingers on your neck to give a visual cue and say "Log."

Listening List /G/ at the End

Say these words to your child. Have them watch and listen without repeating the word.

big	frog	snag	wig
dig	rag	tag	league
flag	jog	twig	plug

Eau Claire Area School District Speech/Language Department

Carrying over Target Sound Practice to other Times of the Day

Cut apart the cards below. Put these cards in different places in your home, in the childcare and/or school. This allows the child practice throughout the day and instills the importance of using good speech skills all the time, not just at practice time. It also helps transfer correct productions into other environments, with other people, and in other word contexts. Examples of places to put these cards are:

at his/her place at the dinner table on the do	bbie at daycare/preschool orway leaving the classroom r pillow to say before bed	
Ask me to say these words:	Ask me to say these words:	
egg	egg	
bug	bug	
bag	bag	
log	log	
Ask me to say these words:	Ask me to say these words:	
egg	egg	
bug	bug	
bag	bag	
log	log	
Ask me to say these words:	Ask me to say these words:	
egg	egg	
bug	bug	
bag	bag	
log	log	
Ask me to say these words:	Ask me to say these words:	
egg	egg	
bug	bug	
bag	bag	
log	log	

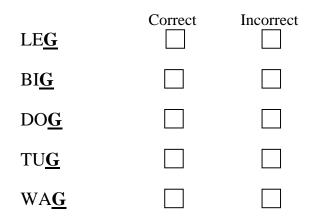

Child's Name: _____

SOUND PROBE - /G/ at the end of words

Please complete this after you have finished the entire home program with your child. You will complete a different sound probe for each set of target words you were given. This will give the speech/language pathologist an idea of how well the target sounds transferred to words that were not practiced by your child.

Instructions:

- Say these words as naturally as possible to your child
- Have your child repeat these words after you
- Listen only for the target sounds that were practiced
- Check the appropriate box next to each word
