

Repair & Replacement Fee List for Devices

About:

This list of fees is the current market costs that ECASD charges to repair or replace typical damage or lost items related to items like iPads, laptops, and hotspots. Our goal is to provide the most cost-effective repair or replacement so our students and staff have quality supplies and reliable repairs. These costs will be reviewed by the Director of Technology and Media Services on an annual basis and adjusted according to available products.

ECASD Technology Devices and Related Supply Replacement Costs:

This is a list of common items that are assigned to ECASD students and staff. There may be some additional or unique items not noted below that are assigned for specialized purposes – staff and students are still responsible for any assigned technology regardless of the item being included on this list. All costs for ECASD assigned technology related devices are noted in our Library and Equipment Inventory system and can be requested by contacting any of our Media and Technology Integration Specialist in our Media Centers. If there are questions regarding this list, please contact the Director of Technology and Media Services.
