- Students Currently Quarantined: 0
- Current Positive Student Cases: 2
- Current Positive Staff Cases: 0

The ECASD dashboard provides information to the District community and the public about the results of COVID-19 reported by the Eau Claire City County Health Department and the Chippewa County Department of Public Health during the identified week. These data do not include any self-reported test results.

Due to our obligation to protect student and staff confidentiality, we cannot share further details about these cases. Identifying students by building or grade level jeopardizes our ability to keep this information confidential. If members of our school community feel we are not doing our best to keep personal information confidential, we run the risk of families no longer sharing important health information with us. We need accurate data to make the best decisions about learning.
