At-Home Art for Flynn Flyers

Choose from the options below (one or both) to explore LINE. I would love to see what you have made! Upload a photo to [Artsonia](#) using school code: ZBMZ-TMYX!

Week of April 20, 2020

LINE: a dot that went for a walk [Line Song](#) by Scratch Garden.

Remember: Try uploading your photo to [Artsonia](#) first. Write an Artist Statement about how you made it! I can comment too. If you can't make it work, you may always email me! I'd love to hear from you.

ART CHOICE #1: Alphabet Quilt

1. On a sheet of paper divide your space into 26 sections to fit each letter of the alphabet. **TIP:** Notice row two has six letters!
2. Using materials you have at home (markers, crayons, watercolor) draw one letter in one section to fill in the alphabet.
3. Notice how the background of each section is a different color than the letter. Using the same materials or another material, color/paint in the area surrounding each letter. (This example was made with oil pastel for the lettering and watercolor for the background.)

Inspiration Artist Jasper Johns

Visit the [Art Institute of Chicago](#) to see how other artists use line like Jasper Johns!

ART CHOICE #2: Inspirational Quote

1. Search online, in a book, around your house for a quote with meaning for you.
2. Then on a sheet of paper (can be junk mail or a cereal box!) divide the space up with three to four horizontal wavy lines, depending on the length of your quote.
3. Using an erasable tool like a pencil, sketch out the words to an inspirational quote you find. In the example, we used markers to trace the letters. **TIP:** Stretch your letters to use the whole space between lines.
4. Color the background between the wavy lines with colored pencils. You can also use sharpie for the letters and paint for the background or any combination of tools you have.
