

# Videos to work on speech sounds

This link includes several videos that show kids how to make different speech sounds and includes some quick practice <https://peachiespeechie.com/pages/peachie-speechie-videos>

If there is a sound that you want to practice, that does not have a video to go with it. Let me know and I can see what I can find or make 😊

As always feel free to email me if you have any questions!
