

About Canvas Parent/Observer Role: Pairing Code in the Technology Department

Parents in the ECASD may choose to “observe” their child and their progress in their online Canvas courses. To accomplish this, they will need to follow these steps to ensure access to this role.

- May follow more than one child per parent account.
- Will not be able to see other members of the course or their grades.

Procedure

Creating a Parent/Guardian Observer Account in Canvas

Step 1: On a desktop or laptop computer, have your student login to Canvas with their username and password. Go to <https://www.ecasd.us/Start-Pages> - select Canvas LMS.

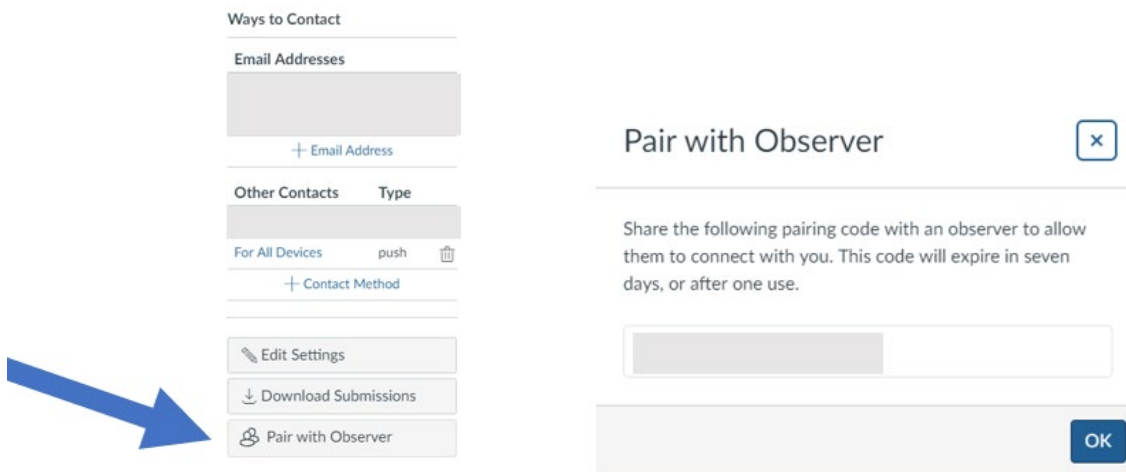

Canvas LMS

Step 2: Once logged in, select Account. Then select Settings.

Step 3: On the right side of the screen, select Pair with Observer. Then write down the code provided

Step 4: Select Account and Logout.

Step 5: Go back to <https://www.ecasd.us/Start-Pages> - select Canvas LMS. This time select the **Parent/Guardian of an ECASD Student** link.

Please choose the option that best describes you as an ECASD Canvas user.

	ECASD Staff/Student	
	Parent/Guardian of an ECASD Student	

Step 6: Select the **Parent of a Canvas User?** link and complete the Parent Signup form. Enter the pairing code you wrote down from you student's account at the end. Then select **Start Participating**.
