

FIFTH GRADE At-Home Learning Check List Week of April 20-24

Dear Families,

Below is a table with this week's at-home learning activities for your child broken down by subject. The district recommendation is **300 minutes of learning activities per week**. Below the table are **Bonus Activities** that you may find useful as well.

Focus for the Week

- **Writing**-Work on finishing Memoir and **send 2 pictures** to your homeroom teacher. If Memoir is completed focus on Covid 19 Journal.
- **Math**- We have transitioned assignments to Waggle. Think Central activities will be student-initiated and considered Bonus Activities.
- **Reading**- There are 2 activities on Waggle for students. This week we will have students "Read-to-Self".

We will continue to structure our weeks similar to this. Below in the table you will see that we are encouraging students to set a timer, this is to adhere to the time recommendations set by the district and to prevent student and family burn out. Thank you for your patience as we fine tune the At-Home-Learning to meet the needs of all our students. Your support is appreciated!

Sincerely,

Fifth Grade Team

Katie Albin (kalbin@ecasd.us), Nikki Bartel (nbartel@ecasd.us), and Christy Brower (cbrower@ecasd.us)

Subject	Monday 4/27	Tuesday 4/28	Wednesday 4/29	Thursday 4/30	Friday 4/31
